Performance:

Wattage 12W/M

CCT 3000K

CRI 90+

IP Rating IP20

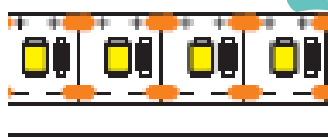

Lumens 964lm/M

Lifetime 50,000 hours

Warranty 3 Year

Introducing Dream....

There is a reason we called this dream. We have all had a job where we are installing multiple small led lengths to one small space. WIR joinery in particular where 50mm cutting increments create noticeable dark spots. We dreamed of a strip that could be cut after ever chip to create the perfect size LED for your space. We here it is DREAM!

Cutting increment after every chip!
