Warranty: Lifetime warranty on body, 2-years on motor and pump, 1-year on all electrical components, 90-days on tools and accessories.

- A durable pump delivers heated extracting solution into the carpet. The powerful vacuum motors recover the spent solutions and soils.
- Waist-high controls on 12-Gallon Carpet Extractors prevent bending and stooping to operate the machine. The controls are recessed in the machine and stay protected during use, in transit or in storage.
- These heated units include an in-line heater that lets you extract with 200 degree Fahrenheit solution!
- Non-skid, non-marking 10-inch wheels on 6- and 12-Gallon Extractors make stair climbing easy and do not scuff floors.
- The 6-Gallon Carpet Extractors include vacuum and solutions hoses and 4" Stainless Steel Hand Tool.
