Max 3,5 Gal

Adjustable conical nozzle and fan

Possibility of spraying from a straight jet to a cone kind of spraying with the adjustable conical nozzle. With the fan nozzle you get a finer spray.

Standard compressed air connector

Pressure gauge

87 psi safety valve

Plastic handle with a support to place it

Spray with no fear of marking the bodywork.

High quality INOX materials

Both, chamber and tank are made of INOX.

Spiral hose of 4 useful meters

The hose will be furled and so it won't be dragged on the ground.

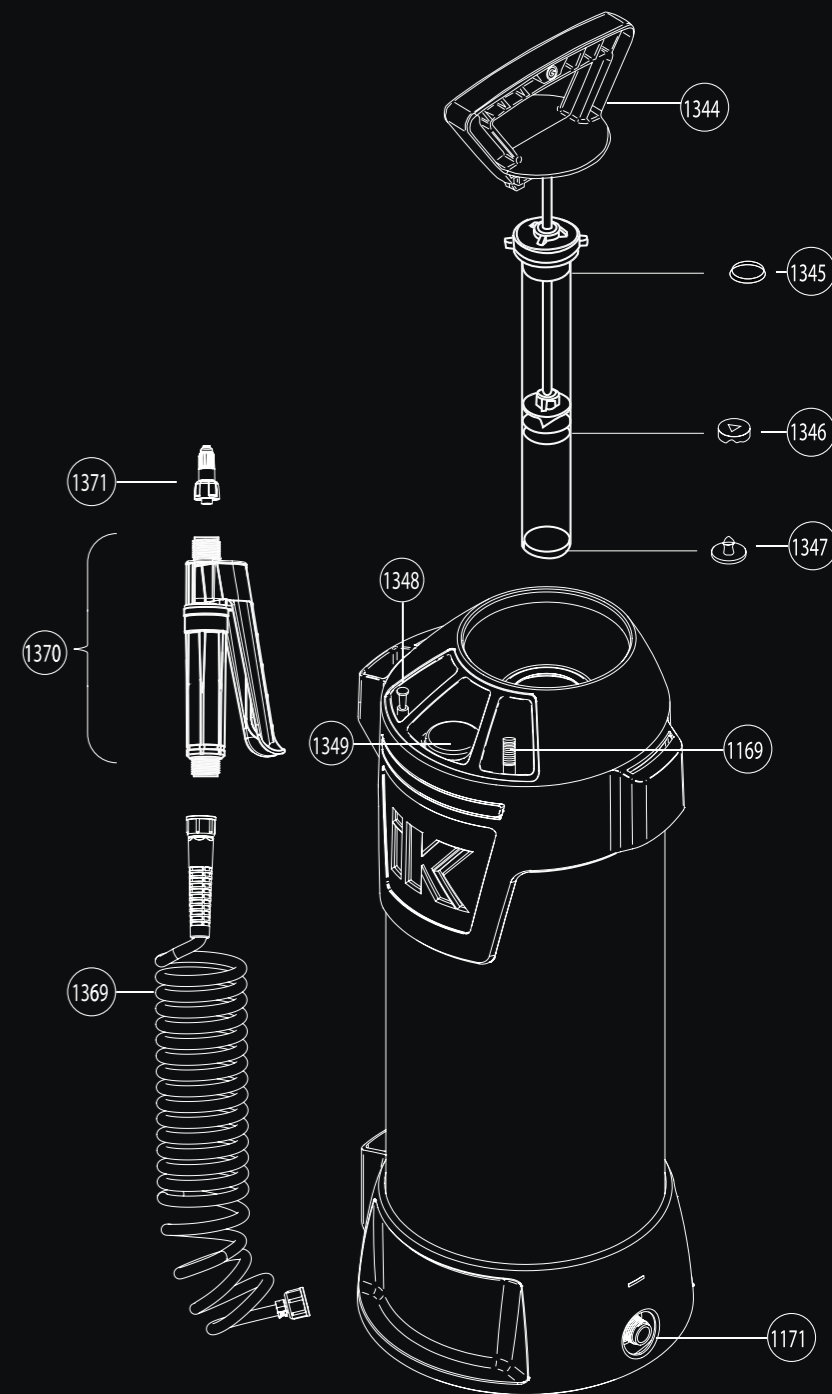

Stable base with support for the feet

Place your feet on the base for a more comfortable manual pressurization of the tank.
