EXTINGUISHING MEDIA: Water or Carbon Dioxide (CO<sub>2</sub>)

**6. ACCIDENTAL RELEASE MEASURES**

SPILL/LEAK PROCEDURE: Isolate hazard area and deny entry to unnecessary or unprotect personnel. Keep combustibles away from spill. Ventilate area of spill or leak. Remove gas with a fine water spray. Stop leak if you can without risk. Wear a self-contained breathing apparatus. Contain spilled liquid with sand or earth. Place in a disposal container. Avoid runoff into storm sewers and ditches that lead to waterways. Never discharge directly into a lake, pond, stream, river, or other natural body of water.

**7. HANDLING AND STORAGE**

HANDLING and STORAGE PRECAUTIONS: Product is corrosive and may cause irritation to exposed skin, and eyes. Avoid getting product on skin or in eyes. Proper protective clothing should be worn while handling product. Wash after handling and avoid breathing vapors. Store product in a cool dry place away from direct sunlight. Keep product away from ammonia, acids, detergents and other chemicals that may react with the product. Keep container tightly closed in a dry and well-ventilated place. Never allow product to get in contact with water during storage.
