FOLLOWING THE DETAILED INSTRUCTIONS, YOU WILL BE ABLE TO MOUNT THE MAHINDRA THAR BONNET LIGHT BRACKET TO YOUR VEHICLE.

TAKE YOUR TIME, READ THRICE, ACT ONCE.

RIGHT HAND DRIVE VEHICLE SPEC.

STEP 1

Set up your thar for the easy installation of the Discoverer Automotive Windscreen/Ditch Light Bracket by cleaning the area with a microfiber cloth.

Prepare basic tools required for the installation.
E.G. - ¼” ratcheting Torx Set **OR** Torx Key Set.

STEP 2

Unbox and prepare the Discoverer Automotive Bonnet Light Brackets for your Mahindra Thar.

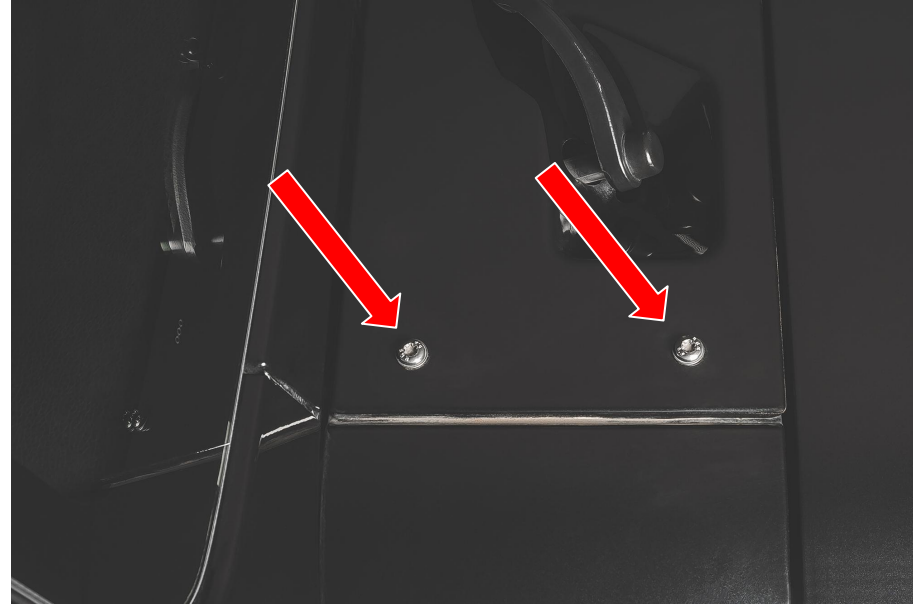

Driver's side bracket & Passenger's side bracket.

STEP 3

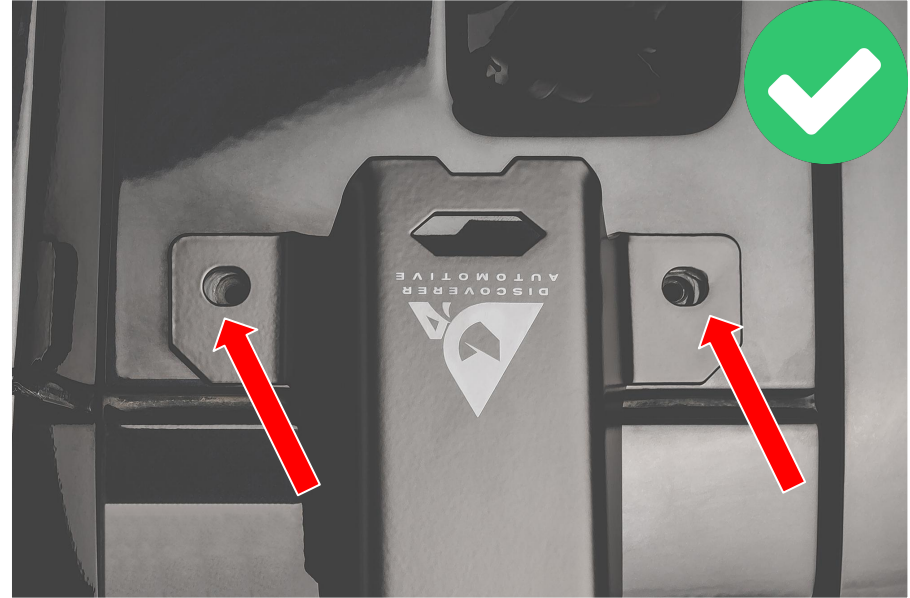

With the bonnet/hood of the vehicle **fully closed** and securely held in place, loosen and remove the 2 bolts on the panel covering the windshield wiper housing (in front of the windscreen).

Remove these two bolts and keep aside carefully.

STEP 4

Correctly place the Discoverer Automotive Bonnet Light Bracket on the panel and match the slots with the bolt holes on the vehicle.

STEP 5

4. Tactfully screw in the bolts through the slots on the Light Bracket.
Hand tighten at this point.

STEP 6

Visually Check for alignment from the front of the vehicle by bringing your eyes to the level of the bracket. Make minor adjustments if needed to align the Light Bracket and bolts appropriately.

STEP 7

Once aligned, fully tighten the two bolts.
Installation of the Discoverer Automotive Ditch
Light Bracket is now complete.

RIGHT HAND DRIVE VEHICLE SPEC.

STEP 8

Repeat steps 1 to 7 above on the opposite side of the vehicle.

STEP 9

You are now ready to mount your favorite set of Offroad auxiliary/LED lights on your New Mahindra Thar!
