

## CUSTOM WRAPPED JOCKEY BOXES

*Please read this carefully.*

**There are 3 stages to custom wrapped jockey boxes. We will communicate with you through every step of the process.**

**1. Design and install** - Vinyl wraps will take 10 **business days** to print and install once artwork has been *approved* (not the day you ordered). We will send a proof via email before anything is put into production. There are two options:

### **A. You design it**

- Use one of our templates to design your jockey box. Please contact us if you need a template in a different file format.
- Once you submit your artwork we will send you a proof via email in 1-3 business days. That proof must be approved in writing (email). Your order will then be scheduled for production (up to 10 business days).
- Any questions and artwork submissions can be sent to: [support@coldbreakbrewing.com](mailto:support@coldbreakbrewing.com)

### **B. We design it (+\$100)**

- You have a high quality logo(s) that can be emailed to us and you have an idea for a background.
- We will design it and send over a proof via email in 3-5 business days. That proof must be approved in writing (email). Your order will then be scheduled for production (up to 10 business days).
- Any questions and artwork submissions can be sent to: [support@coldbreakbrewing.com](mailto:support@coldbreakbrewing.com)

**2. Manufacturing** - Once your cooler is wrapped we (Coldbreak) will turn it into a jockey box. This process is fairly quick and only takes 1-2 business days.

**3. Shipping** - Ground shipping can take 1-5 business days depending on your location. All of our jockey boxes ship from Michigan. If you require faster service, there are other shipping options available during checkout or we can send an invoice for faster shipping.

## **Shipping timeline example**

- I. Artwork design/approval 1-5 business days
- II. Install up to 10 business days
- III. Manufacturing up to 2 business days
- IV. Shipping 1-5 business days

**Minimum = 14 business days**

**Max = 22 business days**

## **Additional Info**

- A. If you have an event coming up that you are purchasing your custom jockey boxes for please relay that date to us.
- B. Any delays in communication will delay your jockey box.
- C. Any delays in artwork will delay your jockey box.

## **Stainless Cooler Dimensions**

24L x 18W x 16.5H - The cooler is a little smaller than that, the dimensions include the side handles and the shanks protruding from the front and back.

## **Questions?**

Questions relating to your order, manufacturing, shipping, tracking number, etc. please contact us at Coldbreak.
