'NAMIBIA'

LEA & ANSKAR

About

Lea and Anskar are two passion-driven ecologists and photographers from northern Germany. Over time they have grown to be advocates for an ethical approach on nature and wildlife photography, as well as a sustainable and mindful take on exploring and traveling. Together they founded the eco-friendly brand **Zwei Zebras** which specializes in nature photography, wilderness conservation, and ecological education.

Mission

Our mission is to inspire our like-minded audience in terms of sustainability, eco-consciousness and conservation. We both believe that art can be a wonderful and important tool to protect nature and wildlife.

With our sustainable Namibia print collection we want to inspire and raise awareness at the same time. 10% of the net-profits will support the IZW Cheetah Research Project in Namibia.

THE NAMIBIA COLLECTION

The Namibia collection consists of **10 carefully selected** images that have never been sold before and will be available in **three different sizes**. With our first ever publicly-available print collection we have decided that the prints will be **limited** in numbers and every artwork comes with a **Certificate of Authenticity** to ensure the value and uniqueness of your print. All images are printed on **Giclée Hahnemühle Photo Rag**, for excellent detail and an even color reproduction.

Once the order is placed the prints will be shipped within 24 hours! Both printing, materials, and shipping are held as **sustainable** as possible and 10% of the net-proceeds will be donated to the **IZW Cheetah Research Project** in Namibia.

THE NAMIBIA COLLECTION

The Namibia collection showcases both the resilient **wildlife** and the unparalleled **landscapes** of Namibia. No other country has changed our way of photography along our perception of nature and art, as well as their inevitable coexistence.

The collection is held simple yet expressing, modern yet versatile, and elegant yet vibrant. It is designed to show a **duet of warm and cold tones** to fit in various housing situations and to allow for interesting pairing possibilities.

Fragility and power in one, the Namibia collection aims to create an understanding for a natural world worth fighting for.

A PROMISE TO NATURE

We are a small eco-conscious business caring deeply about nature. To make this print collection and our online store as **eco-friendly** as possible and yet deliver **high quality** services we partnered with the modern printing lab **ThePrintSpace**. This is UK's first fine art and photographic printing service that is **100% end-to-end carbon neutral**. You can learn more about ThePrintSpace's dedicated carbon neutral process **here**.

We promise:

Carbon neutral printing process & offset of all carbon emission produced by shipping via The Gold Standard

Sustainably sourced paper & wood-based materials (FSC-certified)

Biodegradable bubble wrap & 100% recycled paper tape & polypropylene corner protectors

Recyclable packaging envelopes, cardboard stiffeners & bio-polyethylene frame protection

All wild animals & nature sites were photographed with respect & high ethical standards

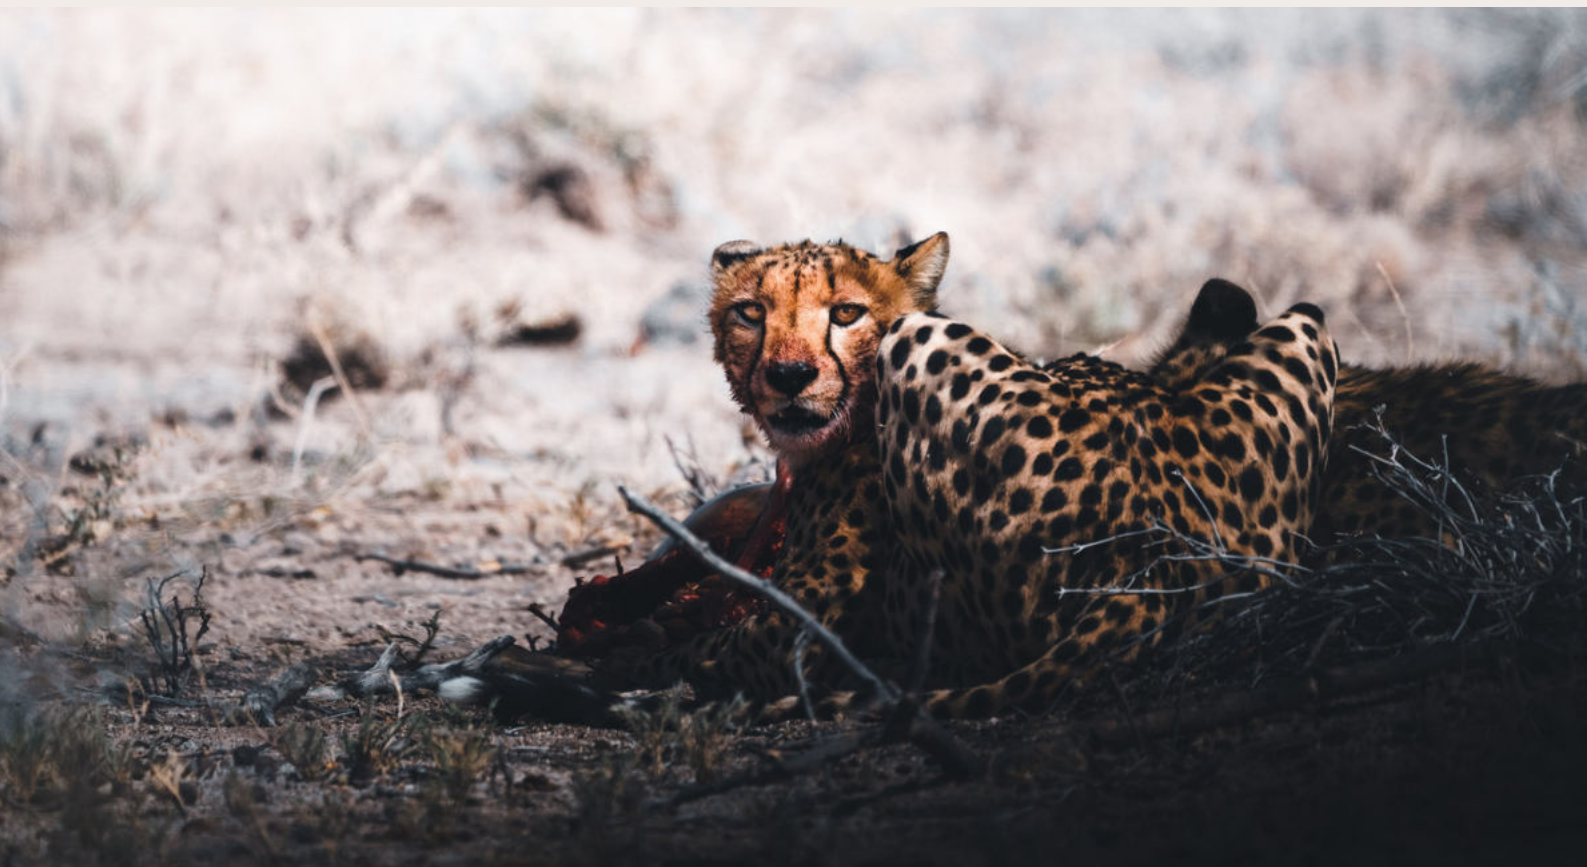

RETURN TO THE WILD

IZW Cheetah Research Project

Ever since our childhood years, we deeply care for the well-being of the natural world and its wildlife. Our passion for wildlife and environmental **conservation** has been a guiding force in both our personal and professional paths.

This is why, in addition to offering eco-friendly and carbon-neutral products, we have decided to contribute to conservation by **donating** a portion of our profits. For every print that is purchased, we pledge to donate **10%** of the net proceeds. For the Namibia Collection we will support the **IZW Cheetah Project** in Namibia. Learn more about the project [here!](#)

Our hope is that through our collective efforts, we can create positive change and establish a more sustainable planet. By giving back to the natural world that bestows us with all that we require and supporting those who fight to protect this precious planet, we strive to make a meaningful **impact**.

LIMITED EDITION

The Namibia collection consists of 10 different and carefully selected images that have never been sold before. This collection is a genuine and authentic **limited edition fine art** print collection, meaning it is only produced in very small, predetermined numbers and directly from the artist's **original**. Once the collection is sold out, it will never be available again in this form.

To ensure the value and uniqueness of your artwork, every print comes with a **Certificate of Authenticity**.

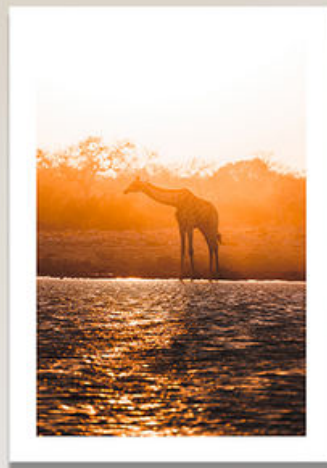

SIZING GUIDE

All 10 prints of the Namibia collection are offered in three different sizes:
A2, A3 & A4

The three common sizes make it possible to easily purchase a frame from your local furniture or design store. However, for absolute carefree delivery of your print we also offer the option of **premium frames**. Furthermore, all prints come with a **white border** to all sites to allow for further framing customization.
