♦ Inspect all contents prior to installation. Report any missing parts to dealer immediately.
♦ Read all instructions before proceeding.

Notice:
Follow the instructions provided with the HangTime pole system through instruction #9 to install/ assemble vertical pole and main extension arm assembly. Use these instructions in place of instruction #10 to install the PR98SHT bracket and steel backboard. Continue with instruction #11 provided with the HangTime pole system to complete assembly.

1. Use *Bottom Pivot Bolt* (G), *Top Pivot Bolt* (F) and *Lock Nuts* (H) to attach *Steel Board Bracket* (E) to *Extension Arm* (B) and *Parallel Linkages* (C). Do not overtighten hardware, make sure the *Extension Arm* (B) and *Parallel Linkages* (C) pivot and adjust up and down freely. See Figure 1.

2. Hang *Steel Backboard* (A) over the top lip of *Steel Board Bracket* (E). Use *7/16"X 1 1/2"Carriage Bolts* (I), *7/16"Flat Washers* (J), *7/16"Lock Washers* (K) and *7/16"Hex Nuts* (L) in the top two holes of *Steel Backboard* (A) and *Steel Board Bracket* (E). Hand tighten hardware at this time. See Figure 1.

3. Use *3/8"X 1 1/2"Hex Bolts* (M), *3/8"Flat Washers* (N), *3/8"Lock Washers* (O) and *3/8"Hex Nuts* (P) to install *Rim* (D). Hand tighten hardware at this time. See Figure 1.

4. Level *Steel Backboard* (A) and *Rim* (D). Tighten all hardware.

Figure 1
