

BIRTHDAY WAX MELT RECIPE

CANDLE SHACK

WHAT YOU WILL NEED

[1x Clamshell - Hearts](#)

[81g Golden Wax 494](#)

[9g Pink Fizz & Pomelo Fragrance Oil](#)

[0.3g assorted dye chips](#)

METHOD

STEP 1

Sprinkle small amounts of your desired dye chips into the clamshell's hearts.

STEP 2

Melt 494 wax in the microwave or double boiler.

STEP 3

Mix the fragrance in with your wax.

STEP 4

Pour the wax onto the upper level of the mould so it enters the cavities slowly. This should stop the dye from melting too much.

STEP 5

Let the wax melt cure for 48 hours.
