## LITE

Don't be fooled by the name – the TentBox Lite packs a big punch in a small package. Our most lightweight tent is tiny on top of your car, but folds out to create a comfortable sleeping pod.

Complete with a mattress and an integrated skylight, you can watch the stars as you fall asleep. The TentBox Lite is perfect for cars of any size, and comes with the ladder right out of the box.

# TENTBOX CLASSIC

Standing the test of time, our TentBox Classic roof tent is the new and improved version of our bestselling TentBox Hard Shell.

This TentBox is extremely user friendly and comes ready to go, straight out of the box. Our most popular design pops open in one minute, and you can even store your bedding and the ladder inside whilst you travel. As with all of our roof top tents, there's space for two, and the mattress and ladder are included.

# FAQ's

## WILL A TENTBOX WORK WITH MY VEHICLE?

A TentBox will work with any vehicle (big or small), all you need is a set of cross bars. You can find out more about how a TentBox is installed, by visiting our website.

## HOW DO VEHICLE ROOF LOAD LIMITS WORK?

If you're wondering whether your vehicle roof can take the weight of a TentBox, you're not alone! We get asked this question a lot. The short answer is yes. Your TentBox will sit on the steel frame of your vehicle, which is incredibly strong. For a more detailed explanation, visit our website, where we've answered this question with mathematics!

## HOW EASY IS IT TO INSTALL A TENTBOX?

Installing a TentBox is straightforward. You'll get all the parts required to attach your TentBox to your cross bars, as well as a manual. To make it super easy, we've also created a step by step video for each TentBox model, which you can view on our website.

## HOW WEATHERPROOF IS A TENTBOX?

Fully waterproof, and rated to withstand winds of up to 38mph, we design our products with extreme weather in mind. Don't just take our word for it, our customers have used their TentBoxes in all conditions, from the Arctic Circle to the deserts of Morocco. Our tried and tested materials are built to last, and to protect you from the elements. To find out more, head to our website.
