

The Atlantic **Spanish Mackerel** is a migratory species of mackerels that swims to the Northern Gulf of Mexico in spring, returns to south Florida in the Eastern Gulf, and to Mexico in the Western Gulf in the fall. Wikipedia-EXCELLENT EATING...SIZE LIMIT: 14" - BAG LIMIT 15 - OPEN ALL YEAR

Dogfish

"Depending on who is doing the dining, shark meat tastes like chicken — or roadkill." It's meaty and mild — but has to be soaked well before it's eaten because sharks urinate through their skin. Note:Spiny dogfish have sharp, venomous spines in front of both dorsal fins. Can be caught on almost any bait while fishing using a bottom rig. **Smooth Dogfish or Spiny Dogfish: Size Limit-Bag Limit-Season: No Restrictions.**

Stargazer (fish) “Fish Facts”

The stargazers are a fish that have eyes on top of their heads. Also have a large, upward-facing mouth in a large head. **They have two large venomous spines** situated behind their opercles and above their pectoral fins. **The species may also cause electric shocks.** they have been called "the meanest things in creation."

False Albacore AKA *Albies*

Size Limit-Bag Limit-Season: No Restrictions. Poor eating. One of the most prized gamefish of fall fishing in the Northeast is the false albacore. Their explosive hits and drag-screaming runs are unmatched by any other species in our waters.

Sundials or Windowpane flounder

Size Limit-Bag Limit-Season: No Restrictions. They are very thin flounders It's mouth is relatively large with tiny needle-like teeth.They are mostly caught when fishing for fluke or other types of flounder.You can fish for windowpanes with baits of sandworms, squid, or clam. **A tasty fish,** however Younger windowpanes are so thin that they appear transparent.

Oyster Toadfish

Size Limit:10"- Bag Limit:3 Per Day- Season: 7/16-5/14 Toadfish feed on sandworms, squid, and clam. Although they are edible, oyster toadfish are rarely eaten because they are ugly and slimy.

Cobia:

Minimum Size Limits: 37"
Possession Limits: 2 per day, per person
Seasons: All year

Cobia are a summer visitor in our waters and are typically found along our beaches mixed in with the bunker schools. Cobia are a great fighting fish and can weigh over 50 pounds. Cobia are also a delicious eating fish and can be cooked in a variety of ways. The best way to catch Cobia would be bait like bunker or mackerel. Lures for these fish include poppers, darters and diamond jigs.
