Silent Auction Guidelines

- 1) Bids may be placed by signing the Silent Auction Book.
- 2) Place your bid on the page that corresponds to the number of the desired item.
- 3) Write down today's date, along with your name & phone # (both are required). Make sure your handwriting is legible.
- 4) Note there is a minimum start bid and a minimum raise on each item. Bidding remains open until no additional bids are received for **seven business days**.
- 5) The winner will be contacted the morning following the 7 business days.
- 6) You will have two (2) weeks to pick up your item (unless special arrangements are made).
- 7) Items not picked up after two weeks will be placed back on auction, starting with the second highest bid. Seven (7) business days from the day it goes back on auction must go by before winning the bid. Bidders who do not pick up their items will be banned from bidding on or winning any items for two months.
- 8) If a bidder crosses their name off an item after five (5) days have gone by, the second highest bidder's name will be moved down and seven (7) business days must go by before winning the bid.
- 9) Please be sure to examine these unique, collectible, or antique items carefully before bidding! We want to ensure that all bids are from serious bidders!
- 10) All items in our Silent Auction are not authenticated and are without guarantee!
