

Frequently Asked Questions

Q: What are the benefits of using metal ceiling tiles?

A: Metal ceiling tiles offer several benefits. They are durable, fire-resistant, and easy to maintain. Additionally, metal ceiling tiles can hide imperfections or wiring on the existing ceiling surface.

Q: Are metal ceiling tiles customizable?

A: At Metal Ceiling Express, not only do we offer a wide range of patterns and colors, but we also manufacture custom colors to meet your specific project requirements.

Q: How do you clean and maintain metal ceiling tiles?

A: Metal ceiling tiles can be cleaned using a mild detergent solution and a soft cloth or sponge. Avoid using abrasive cleaners or scrub brushes that can scratch the surface of the metal. Regular dusting can also help prevent the accumulation of dirt and debris.

Q: Are metal ceiling tiles environmentally friendly?

A: Metal ceiling tiles can be considered environmentally friendly due to their durability, energy efficiency, and, most importantly, recyclability. At the end of their lifespan, metal tiles can be recycled and transformed into new products, reducing the need for extracting new raw materials and minimizing waste sent to landfills.

Q: Can metal ceiling tiles be painted or coated?

A: Yes, metal ceiling tiles can be painted or coated. However, it's important to use oil-based primers and paints or coating products specifically designed for metal surfaces, as any water-based products may cause the metal to rust.
