With industry standard BA9S bayonet fittings our high brightness, long lasting LEDtecBA9 LED Bulbs make incandescent lamps a thing of the past.

Colours available:  
Red, Yellow, Green, White, Blue

### LEDtecBA9 Technical Specification

|                              |                                  |
|------------------------------|----------------------------------|
| Voltages Available ( $V_n$ ) | 6, 12, 24, 48, 120 and 230Vac/dc |
| Operating Voltage Range      | $V_n \pm 15\%$                   |
| Frequency (ac)               | 50 - 60Hz                        |
| Insulation Resistance        | $\geq 2M\Omega$                  |
| Insulation Withstand         | 2.5kVac, 1 minute                |
| Current/Power Consumption    | $\leq 20mA$                      |
| Brightness                   | $\geq 60 \text{ cd/m}^3$         |
| Operational Life             | 30,000 hours                     |
| Temperature Range            | -40°C to +60°C                   |
| Relative Humidity            | $\leq 98\%$                      |
| Box Quantity                 | 10                               |
| Certification                | CE                               |
