

di **KIMBO**[®]
...trova casa...!

A di Albero, B di Barista, C di Caffè...ma K di che?

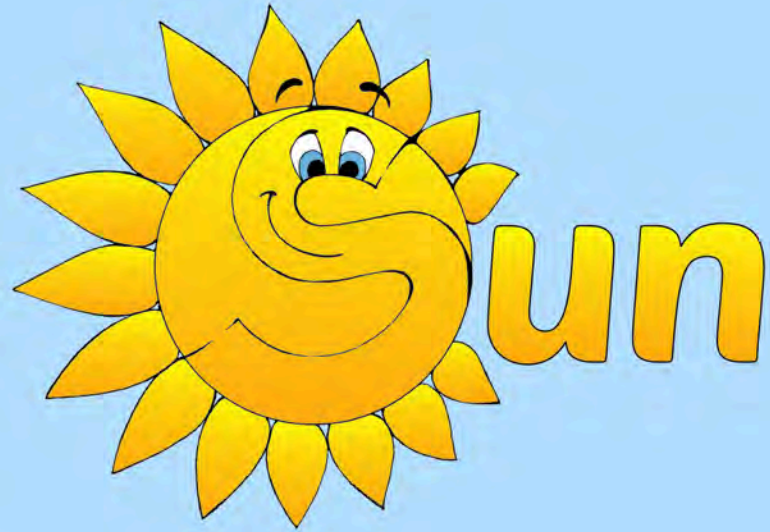

Fino ad oggi non è stato possibile attribuire alla consonante K, considerata da sempre d'importazione straniera, una parola tipicamente italiana ma, grazie a **KIMBO**, il caffè espresso da sempre italiano, per onor di cronaca napoletano d'origine, possiamo finalmente dire **K di KIMBO**.

È per questo che abbiamo voluto, con questo abbecedario italiano-inglese da colorare, ripercorrere con la fantasia la storia della consonante straniera che, nell'immediato dopoguerra, è stata naturalizzata italiana anche grazie all'uso corrente della parola **KIMBO**.

Da uno studio pedagogico eseguito, l'impostazione grafica è stata voluta come da impaginato, per permettere, mentre si colora, una visione più chiara delle immagini riprodotte.

Buon divertimento
