# WHY THIS BUNDLE?

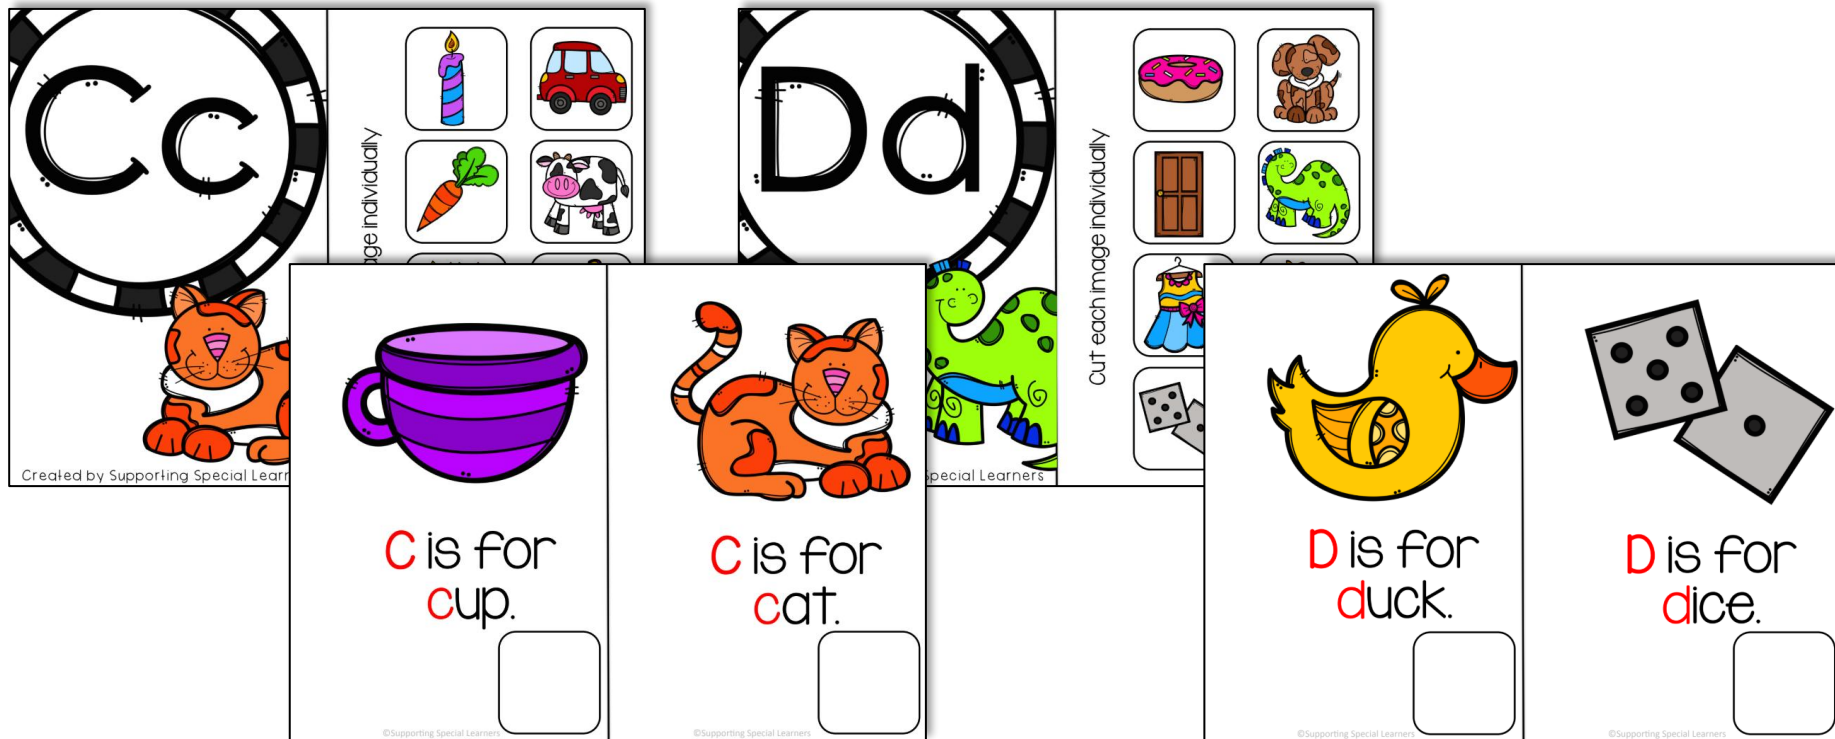

- This resource **makes learning letters fun and interactive**. The adapted books, sorting mats, and sensory bin activities help children learn letters through matching, visuals, and hands-on interaction.
- Teachers love that it **works for a wide range of learners**, from ESOL students to students with special needs. It helps with letter sounds, vocabulary, and even using communication devices. Plus, it fits smoothly into daily routines like morning work or letter-of-the-week activities.
- Once it's prepped, it's ready to go year after year. Many say it's become a classroom favorite because it's **easy to use, flexible, and actually helps students make progress with letters and sounds**.

# FEATURES OF THIS BUNDLE:

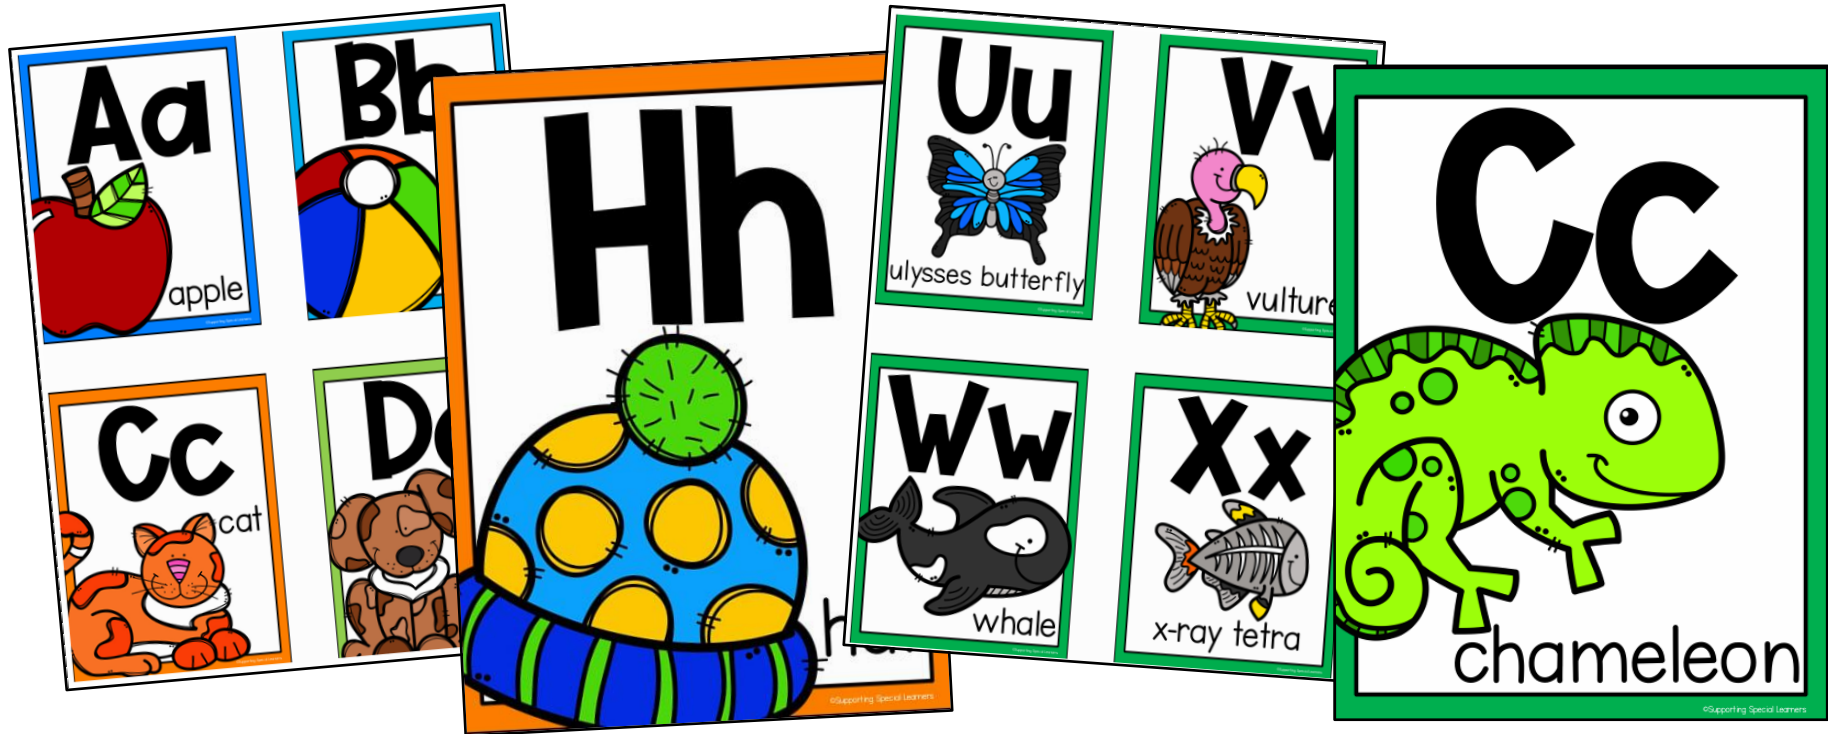

- 2 interactive books for each letter
- 7 write-the-room activities for each letter

# WHAT TEACHERS ARE SAYING?

"I am using the adapted books to introduce out new letter for each unit. The students love them. One particular student that has Downs Syndrome is even verbalizing some of the pictures!"

**KAREN G.**

"These books are great for review for my students on the spectrum. I also love the write the room activities! "

**MARY C.**

"I love using this resource with my special education students! I teach kindergarten students in a multi-categorical self-contained classroom and I have some learners that need velcro activities and these are perfect!"

**SPED the Light**
