

DINOSAUR MAGNETIC TILES

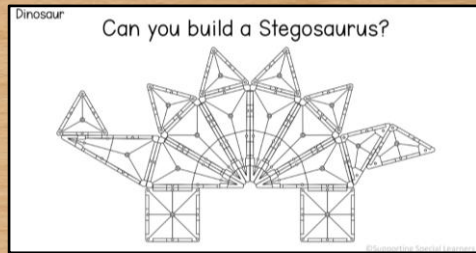

THIS RESOURCE IS GREAT FOR:

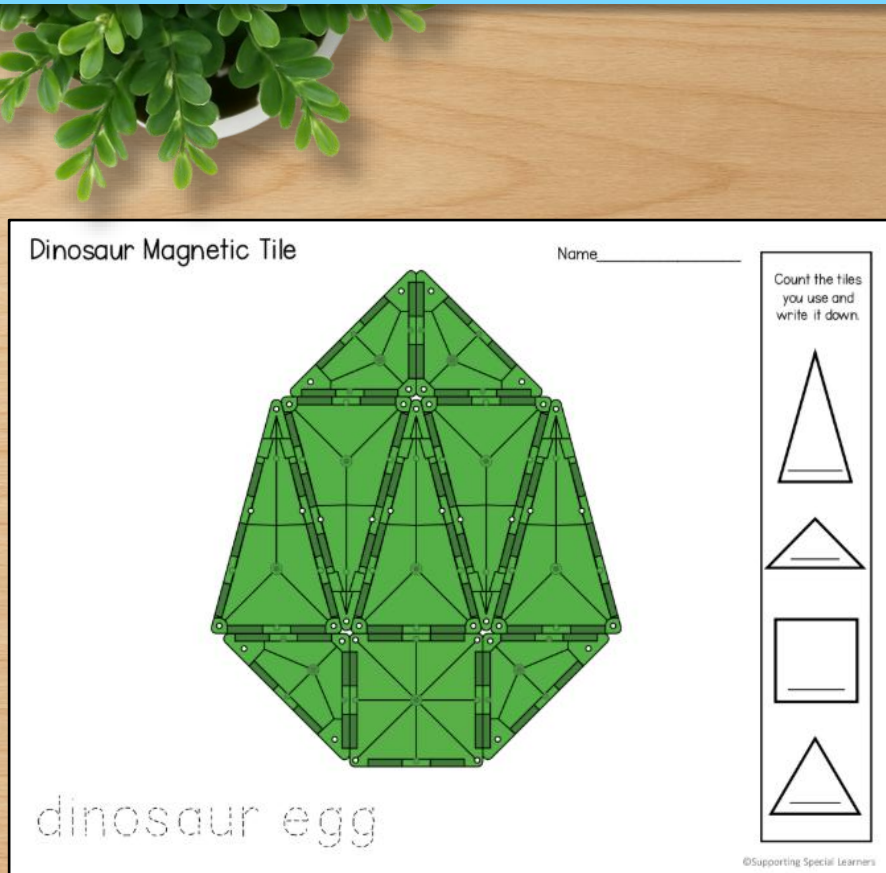

- Kindergarten to Grade 2 & Special Education
- Building dinosaurs using magnetic tiles
- Math practice (counting tiles)
- Fine motor skill development
- Following step-by-step directions
- Small group centers
- Independent or partner work

PRODUCT INCLUDES:

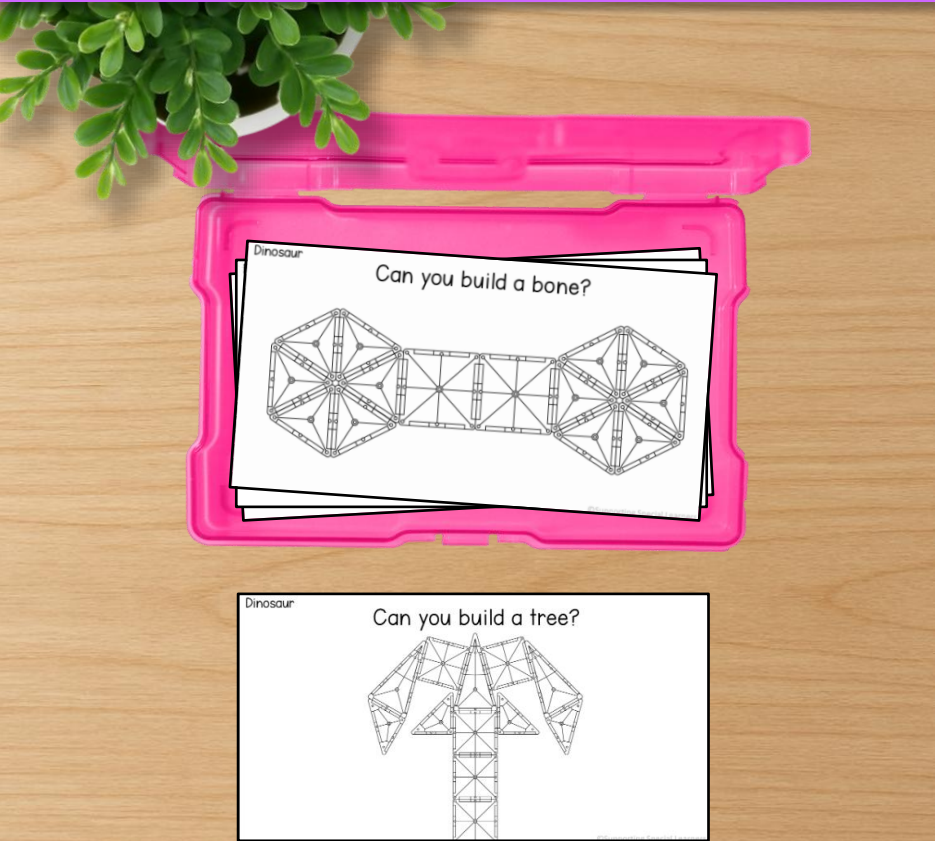

- 33 full-page black & white
- 33 full-page color
- 22 black & white task cards
- 22 color task cards

WHY THIS RESOURCE?

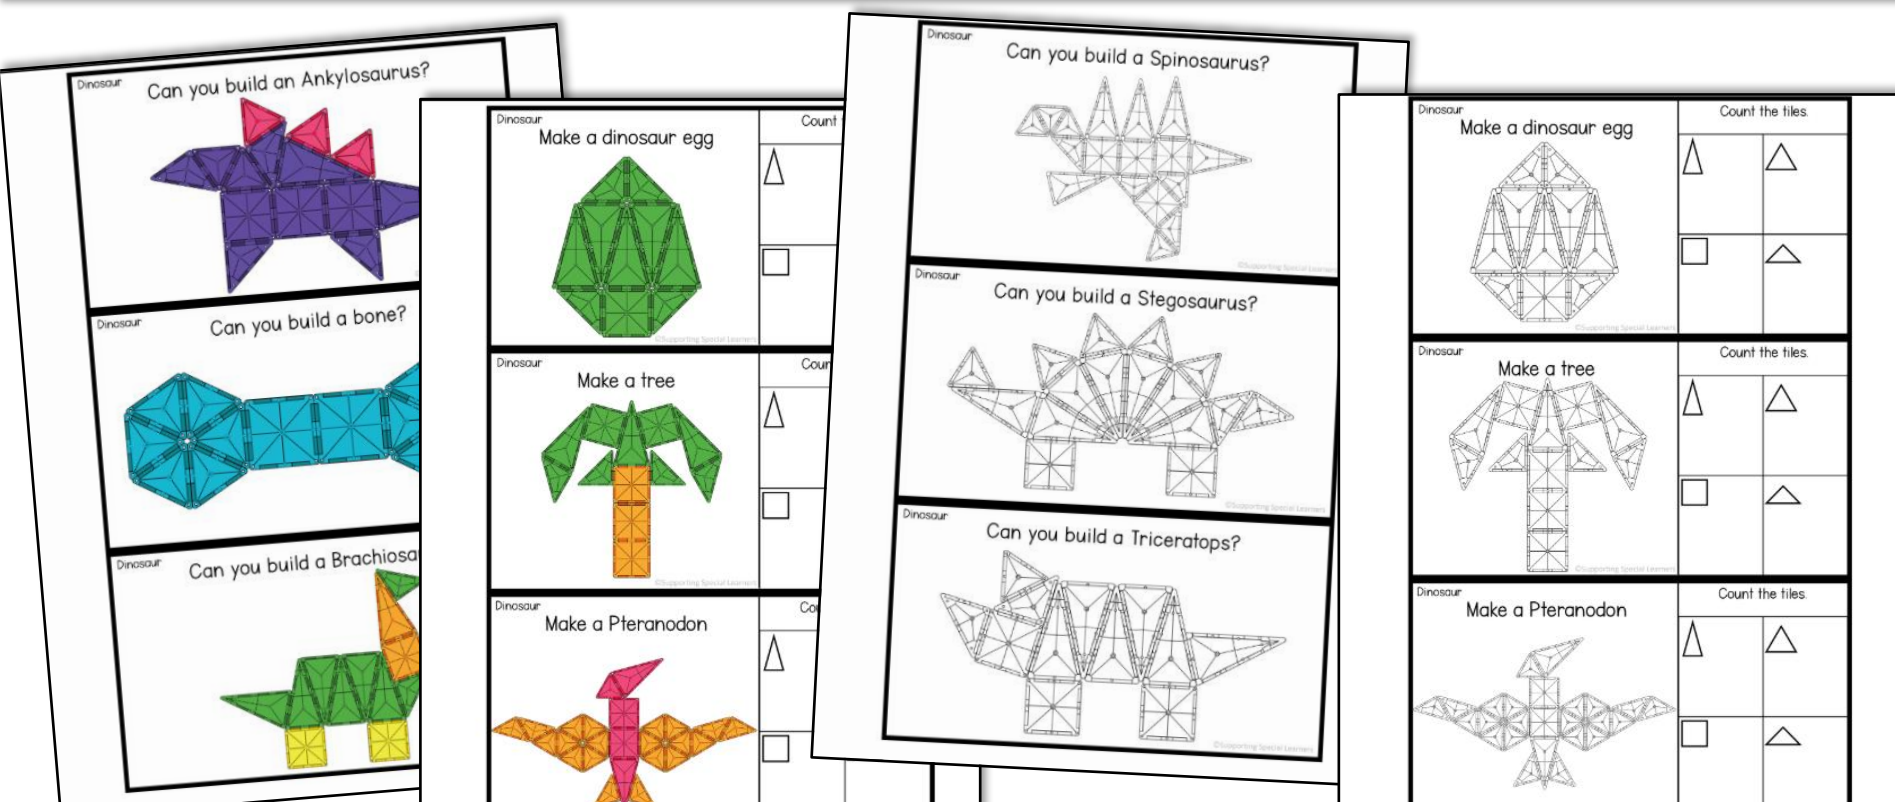

- Makes dinosaur learning **hands-on and engaging**. Students use magnetic tiles to build dinosaurs like Triceratops, Stegosaurus, and Spinosaurus, and Tyrannosaurus while practicing counting and writing.
- It's designed to be flexible with **two formats (task cards and full pages)** and **two versions (color and black & white)**, making it easy to use in centers, whole class, or at home.
- Teachers will love how it **builds fine motor skills, reinforces math concepts, and keeps students focused** with fun, fall-themed activities.

FEATURES OF THIS RESOURCE:

- 2 versions included (color and black & white)
- 2 format options (full page and task cards)
- Dinosaur building prompts
(Triceratops, Stegosaurus, and Spinosaurus, and Tyrannosaurus, etc.)
- “*I Can Write*” option for added writing practice
