

TABLE EGO/DUO

Thank you for purchasing a MinimalWorks product. Please read this manual carefully before use to ensure safe operation. Keep it for future reference. If you do not understand any part of this manual or the product has any issues, stop using it immediately and contact the store where you purchased it or our A/S center.

Precautions Before Use

 **Caution** Improper use may result in injury or damage. Be sure to follow these precautions.

- Placing excessive weight on the edge of the table may cause it to tip, deform, or break.
- Be careful during assembly, disassembly, and storage to prevent injury or damage to components.
- Use only after thoroughly learning the assembly and storage methods.
- Use only on firm and flat surfaces. Avoid uneven or sloped areas.
- Do not store with protruding parts pressing against the fabric in the bag to prevent damage.
- Do not use near open flames, burners, or hot objects, as this may cause discoloration or damage.
- Avoid strong impacts or shocks during transport, as this may cause damage to the tabletop.
- Do not use on soft surfaces such as tent fabric or sheets, as it may cause damage.
- Set up and dismantle the table slowly to prevent damage.
- Be careful not to get fingers caught in the table's holes.
- Contact with hard or sharp objects may scratch or damage the surface.
- Minor scratches may occur during production.
- Do not move the table while items are placed on it. Do not place heavy items on the table.

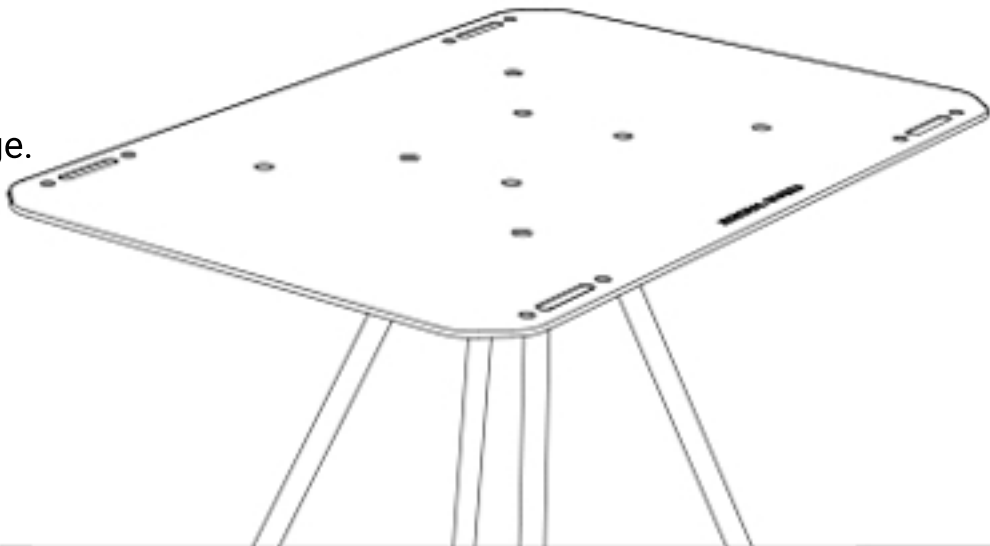

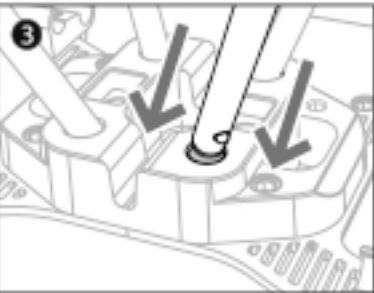

Table Usage Instructions

[Table Assembly]

① Place the table upside down on a flat surface as shown. (Use caution to prevent scratching the tabletop.)

② Remove the leg foot attached to the main body.

③ Turn the leg button outward diagonally. Tilt and insert so it matches the angle of the leg slot.

④ Check the assembly once more, then place the table upright on a flat surface.

[Table Disassembly]

① Disassemble in reverse order to assembly, keeping the table on a flat surface.

② Grab the leg foot in the slot and remove it in the opposite direction of assembly.

③ Snap the legs into the frame until you hear a "click."

④ After confirming it is properly assembled, place it in the storage bag or a safe place.

Maintenance

- After use, remove stains and moisture before storing.
- If wet, wipe gently with a dry cloth and dry in the shade before storing or using again.

A/S

- For repairs, please contact your retailer or our customer service center.
- Ensure the product is completely dry and remove all foreign substances before sending for repair.
- Please indicate the location of the damage and provide details of the situation.
- Never disassemble the product. Issues caused by disassembly are not covered by our A/S policy.

EGO SPEC

MADE IN KOREA

Material: Main body/Aluminum, Case/POLY 2400D
Size: 490 x 320 x 350(h)mm (in use), 490 x 320 x 38(h)mm (when stored)
Weight: 1.8kg (excluding storage bag) / Max load: 20kg

DUO SPEC

Material: Main body/Aluminum, Case/NYLON 1000D US CORDURA
Size: 600 x 476 x 450(h)mm (in use), 600 x 476 x 38(h)mm (when stored)
Weight: 2.9kg (excluding storage bag) / Max load: 20kg

Warranty

If there is a problem, contact your retailer or our company. If the problem is due to manufacturing defects, free repair or exchange will be provided. Otherwise, repair will be subject to reasonable charges. Repairs and exchanges are determined according to our standards. The following cases are not covered by warranty or repair services:

1. Deterioration or discoloration due to long-term use or UV exposure
2. Malfunction due to modification or careless use
3. Damage or deformation caused by dropping or impact
4. Problems caused by disassembly
5. Other issues not caused by manufacturing defects
