I am the voice of the voiceless;
Through me the dumb shall speak,
Till the deaf world's ear be made to hear
The wrongs of the wordless weak.

And I am my brother's keeper,
And I will fight his fight;
And speak the word for the beast and bird
Till the world shall set things right.

-Ella Wheeler Wilcox , Author/ Poet

Some day after mastering the winds, the waves, the tide and gravity, we shall harness for God the energies of Love, and then for the second time in the History of the world, we will have discovered fire. -Teilhard de Chardin

be gentle with the earth - Dalai Lama

LAND:

The equivalent of 7 football fields of land is bulldozed every minute to create more room for farm animals.

-The Smithsonian Institute- 2002

WATER:

It takes 5,000 gallons of water to produce 1 pound of meat, while growing 1 pound of wheat only requires 25 gallons. You save more water by not eating a pound of beef than you do by not showering for an entire year.

-Robbins, *The Food Revolution*

AIR:

Factory farms will frequently get around water pollution limits by spraying liquid manure into the air. People who live nearby are forced to inhale the toxins and pathogens.

-Jennifer Lee, *The New York Times*, May , 2003

HEALTH:

No chemical carcinogen is nearly so important in causing human cancer as animal protein."

-Dr. T. Colin Campbell, Ph.D, Cornell, MIT, Author *The China Study*

The animals of the world exist for their own reasons.
They were not made for humans any more than black
people were made for whites, or women for men.

As often as Herman had witnessed the slaughter of animals and fish, he always had the same thought: in their behaviour towards creatures, all men were Nazis. The smugness with which man could do with other species as he pleased exemplified the most extreme racist theories, the principle that might is right.

“What is REAL?”, asked the rabbit one day....” Does it happen all at once, or bit by bit?”

“It doesn't happen all at once” said the Skin Horse. “ You become. It takes a long time. That's why it doesn't happen to people who break easily or have sharp edges, or have to be carefully kept. Generally, by the time you are Real, most of your hair has been loved off, and your eyes drop out and you get loose in the joints and very shabby. But these things don't matter at all, because once you are Real you can't be ugly, except to people who don't understand.

-Margery Williams- *The Velveteen Rabbit*

Put a small child in a playpen with an apple and a bunny. If they eat the apple and play with the bunny, they are normal, but if they eat the bunny and play with the apple, I'll buy you a new car. Somewhere along the line we must have been TAUGHT to do the wrong thing.- Maynard

Today it is not big business that we have to fear. It is big government. - Wendell Phillips

The philosophy of olsenhaus is anchored in the universal truth, respect for all beings, with a dedication to the expression of the truth in the material world. We are committed to being 100% animal / cruelty-free, producing functional goods with high standard of ethical and social responsibility.

We continually seek innovative methods, materials and safer processes. We welcome accountability.

Elizabeth Olsen founded olsenhaus to illustrate plundering, cruelty and greed is not synonymous with true style and consciousness, while further exposing the atrocities being committed on animals, the environment and mankind.
