“I admit to having worn suede and leather pants myself for a while, but you just never feel clean, and it's degenerate, anyway, to wear animal skins...So I went back to blue jeans after my degenerate period.” - Andy Warhol

A decorative graphic element consisting of three horizontal lines: a red line on the left, a grey line in the middle, and a gold line on the right. In the center, where the grey line is, there is a black graphic resembling a stylized heartbeat or a jagged line.

“Someone from Manolo Blahnik went into my shop and said: 'These shoes are not vegetarian.' That's the highest compliment, because you just can't tell that they are, and they are. My mum taught me to have a soul.” -Stella McCartney

*We all live on this one planet.....
mankind, the animal and plant kingdoms.....
Are we co-existing in peace, mind, spirit & body harmony,
or is there war, suffering, disease, destruction of our habitat, & mental confusion?
This is not our natural state, and it is not sustainable.*

Vegan:

*A person who does not consume or wear anything from an animal.
The reasons are many either for health, the animals, environmental, or religion.*

*When combined with elimination of the ego and mental balance
one can achieve awareness, remember the true self, higher states of consciousness,
and work towards a world of peace and health for all beings, raising
the level of the collective consciousness.*
