**DTF CUTTER**

**INCREASE YOUR  
PRODUCTIVITY**

## The First professional DTF XY CUTTER is finally available

*Adjustable pressure for pinch rolls and vertical blade*

*Touch screen control*

*Pneumatic vertical blade*

*Copy collection tray*

The XY DTF is the game changer cutter that will automate your DTF production.

**Suitable for 31" media widths.**

Equipped with an internal compressor that powers all the pinch rollers for the media feed and also the pneumatic slitter blade(s).

Mechanical adjustment that allows for skew of printed roll media.

With a smart interface you can choose between 2 main programs:

- Automatic mode  
(Programmed size and number of copy).
- Mark mode  
(2 marks line for automatic cutting)

**OPTIONAL:**

- Vertical Pneumatic blade
- Stand
- Copy collection tray

**Suitable for:**

- DTF
- UV DTF
- REFLECTIVE
- FLOCK
- PS VINYL
- GLITTERED VINYL
