|---|-----|
| Section 21. General requirements | 73 |
| 210. Referenced sections | 73 |
| 211. Number 211 not used in this edition | 73 |
| 212. Induced voltages | 73 |
| 213. Accessibility | 73 |
| 214. Inspection and tests of lines and equipment | 73 |
| 215. Grounding and bonding | 74 |
| 216. Arrangement of switches | 76 |
| 217. General | 77 |
| 218. Vegetation management | 79 |
| Section 22. Relations between various classes of lines and equipment..... | 80 |
| 220. Relative levels | 80 |
| 221. Avoidance of conflict | 81 |
| 222. Joint use of structures | 82 |
| 223. Communications protective requirements | 82 |
| 224. Communication circuits located within the supply space and supply circuits located within the communication space | 82 |
| 225. Electric railway construction | 84 |
| Section 23. Clearances | 86 |
| 230. General | 86 |
| 231. Clearances of supporting structures from other objects | 93 |
| 232. Vertical clearances of wires, conductors, cables, and equipment aboveground, roadway, rail, or water surfaces | 94 |
| 233. Clearances between wires, conductors, and cables carried on different supporting structures | 105 |
| 234. Clearance of wires, conductors, cables, and equipment from buildings, bridges, rail cars, swimming pools, supporting structures, and other installations | 114 |
| 235. Clearance for wires, conductors, or cables carried on the same supporting structure | 138 |
| 236. Climbing space | 157 |
| 237. Working space | 161 |
| 238. Clearances at the support between specified communications and supply facilities located on the same structure | 162 |
| 239. Clearance of vertical and lateral facilities from other facilities and surfaces on the same supporting structure | 167 |
| Section 24. Grades of construction | 173 |
| 240. General | 173 |
| 241. Application of grades of construction to different situations | 173 |
| 242. Grades of construction for conductors | 174 |
| 243. Grades of construction for line supports | 176 |
| Section 25. Structural loadings for Grades B and C | 178 |
| 250. General loading requirements and maps | 178 |
| 251. Conductor loading | 195 |
| 252. Loads on line supports | 196 |
| 253. Load factors for structures, crossarms, support hardware, guys, foundations, and anchors | 198 |
