

Men's Bracelet Size Guide

FIRST, CONFIRM YOUR PRINTOUT SIZE IS ACCURATE

Measure the bar below—it should measure exactly 3 inches. If not, check that page scaling is set to “None” in your print dialog box and that you are printing at full size (8.5” x 11”).

MEASURE YOUR WRIST WITH THE SIZER

Cut out the bracelet sizer and carefully cut a slit on the vertical dashed blue line (“Cut Here”). Wrap the sizer around your wrist—just below your wrist bone, numbers facing out. Pull the narrow-angled end through the slit until the paper fits loosely (yet securely) around your wrist.

FIND YOUR CHAIN BRACELET SIZE

WRIST MEASUREMENTS		BRACELET SIZE
7.0-7.5”	17.8-19.1 CM	7”
7.5-8.0”	19.1-20.3 CM	8”

Between sizes? If your wrist measurement sits on the fence (7.4-7.6”), 7” will fit slightly snug, 8” will leave more wiggle room—trust your gut and choose what feels right.
