

Master&Master

Mistra

Stackable chair

Mistra is Lucie Koldova's latest chair for Master & Master. Crisp lines. Clean profile. We're hooked. With oak components set on powder coated steel, it's sure to stand the test of time and is in many ways a chair we all know and love. The hook detail is practical for use with coats and bags, yet whimsical too: its contours stirring classroom memories of simpler times. Notes being passed. Gossip being shared. All coming together in contemporary simplicity, bringing subtle joy to any space. For the upholstery we use the super quality Danish fabrics from KVADRAT and genuine leather. Every element is customisable to suit all retail or project applications.
