### **Servicing Questions:**

If we are unable to sharpen which do you prefer? (Choose one)\*

Retip Retip N/A to Specified Tip to Handle No Retip

If we are unable to repair would you like us to replace the instrument as new at our trade-in price? (~50% off hygiene, 10% off everything else)\*

Yes No

#### **Order Form & Sorting Instructions:**

- 1. Retip to Specified Tip (Fastest & Easiest):
  Re-tip with your favorite tip by writing the
  quantity and the name of tip that you desire on
  the order form. Only Qty and Re-Tip columns are
  required to be completed. In this case, you do not
  need to sort your instruments prior to shipping
  and the handle name is ignored when serviced.
- 2. **Retip to Handle (Slowest)**: Instruments are required to be grouped as you would like them serviced. Separate each group by same type if applicable (204S with 204S) via sterilization packets or rubber bands, etc. Only Instrument Name, Qty and Re-Tip columns are required to be completed. Sorting fees may apply if instruments are not sorted prior to shipping.

#### **Please Note:**

Our return label is not insured. If you'd like to insure your package please ship using your own label.

Lost packages must be reported within 2 weeks of shipment. Be sure to save your tracking number.

Sterilize your instruments. Failure to sterilize or sort instruments may prolong processing and/or sorting fees may apply.

Remove finger grips on instrument handles. Instrument bands/rings are okay.

Ensure all information on this form is correct. We are not liable for errors due to customer mistakes or omissions.
