B Introduction to the Working with child sexual abuse intervention guide [WA-B1]	I
Context	I
Working to enhance the resilience of children and young people sexually abused in the family or by a trusted member of the community: Promoting resilience	2
Developing a child-centred approach	2
Psychoeducational intervention on the effects of maltreatment	2
Safety planning	3
Coping skills	3
Relaxing and calming	3
Describing and monitoring feelings	3
Activity selection	3
Problem solving	4
Helping children who experience traumatic responses	4
Maintenance and building resilience	4
Focus of the Working with child sexual abuse intervention guide	5
B Promoting safety for children and young people who have been harmed sexually in the family or by a trusted member of the community [WA-B2]	6
Basic position	6
Engagement with non-abusing parents is critical to effective intervention	7

Special issues for parents when the abuser is not a family member but a trusted and respected member of the community	8
Special issues for parents when one of their children has abused another child in the family	9
M Promoting safety for children and young people who have been harmed sexually in the family or by a trusted member of the community [WA-MI]	10
Content	10
Materials	11
Main steps	11
Engagement and overview of the work	11
Psycho-education about the sexual abuse of children	13
Understanding the processes leading to the sexual abuse of children	14
Understanding the impact of abuse on the child	15
Prevention of further child sexual abuse	15
Establishing open communication between parent and child	16
Precautions around a new partner	17
Formulating a family safety plan	17
B Working with parents and carers to support work with children and young people responsible for harmful sexual behaviours [WA-B3]	18
Basic position	18
Levels of harmful sexual behaviour	18
Sexual reactivity	19
Mutual sexual behaviour	19
Children and young people who sexually harm	19
Assessment	19
Engagement with children and young people	20
Linking with parents and carers	20
Approaches that work well with young people	21
Dos and don'ts	21
Additional considerations when working with sexual behaviour problems (SBP) in those aged 12 years and younger	22
What sexual behaviour is 'normal' and developmentally expected?	22
Sexual behaviour in pre-school children	23
Primary school age children	23
What sexual behaviour is of concern?	24
Twenty characteristics of problematic sexual behaviours	24

M	Working with parents and carers to support work with children and young people responsible for harmful sexual behaviours [WA-M2]	26
	Content	26
	Materials	27
	Main steps	27
	Introductory discussion with parents (and child or young person where appropriate)	28
	Developing and implementing a safety plan	28
	Information about sexual development, differentiating normal sex play from harmful sexual behaviour	28
	Proposing interventions tailored to the child/young person's individual strengths, risks, and personal and environmental circumstances	29
	Special cases: A child harming a sibling; intrafamilial perpetrators	31
M	Working with younger children who have displayed harmful sexual behaviours [WA-M3]	32
	Content	32
	Materials	33
	Main steps	33
	Staying safe	33
	Learning about harmful sexual behaviour	34
	Identifying and naming feelings related to behaviours	35
	Learning about feelings	36
	What's OK and what's not OK	36
	Links between thoughts, feelings and behaviour	36
	Planning for the future	37
	Special cases: When an older child harms a sibling	38
M	Working with older children and young people who have displayed harmful sexual behaviours [WA-M4]	39
	Content	39
	Materials	40
	Main steps	40
	Staying safe	40
	Encouraging positive future goals	41
	Links between thoughts, feelings and behaviour	41
	Talking about sex	41
	Developing sexual knowledge	43
	Learning about appropriate/inappropriate behaviour, and understanding consent	43
	Impact of behaviours: People can get hurt	44
	The benefits of doing things differently	44
	Staying safe: Now and in the future	45

Materials to copy, print or download

Abuse doesn't just happen [WA-1]	48
Understanding the impact of abuse [WA-2]	53
What helps children recover? [WA-3]	56
Protective parenting quiz [WA-4]	57
How can I protect my child? [WA-5]	60
Useful resources [WA-6]	64
Family safety plan [WA-7]	65
Developing a family safety plan [WA-8]	66
What are age-appropriate sexual behaviours? [WA-9]	70
Communicating with children about sexual matters [WA-10]	73
Helpful messages for worried parents [WA-11]	75
Providing a safe and helping environment [WA-12]	77
Responding to inappropriate sexual behaviours [WA-13]	83
Feelings thermometer [WA-14]	84
Traffic lights [WA-15]	85
Thinking-feeling-doing [WA-16]	86
What do you hear when people say 'No'? [WA-17]	88
Primary goods needed for a 'Good Life' [WA-6]	89
How to mend a broken heart [WA-18]	90
Vignettes for exploring consent [WA-19]	91
Cost benefit analysis [WA-20]	93
