Pro Series High Noise Listen-Only Headsets

Pro-Series Dual Muff Listen-only headsets from CanCom protect your hearing and provide you with clear receive audio in high noise environments. Built to strict specifications using only the highest quality components. Three models of headset are available to meet your application. Hardwired or quick disconnect cable options. Both short cords (for plug-in speaker microphone audio jack) and long cords (to reach to radio on the belt) are available.

PART#: HRXOH-TB5M
OVER-THE-HEAD MODEL

PART#: HRXBH-TB5M
BEHIND-THE-HEAD MODEL

PART#: HRXHH-TB5M
HARD-HAT-MOUNT MODEL

PRODUCT FEATURES

- Industrial strength headset construction
- EasyLink™ detachable cords offering ultimate flexibility. Hardwired also available (Special Order)
- Certified CSA Noise Reduction Rating of 24 NRR—Class A
- Volume Control located on the ear cup for easy access at all times
- Over sized ear seals for ultimate comfort. Optional GEL ear seals are available
- Powerful Neodymium speakers
- Rugged cables with durable polyurethane insulation
- Spiral shielding reduces RF interference
- Heavy Duty Velcro Head strap on behind-the-head model
- Industry standard hardhat mount system allows for easy clip on of face shields, etc.

PNR™ Technology

PATENTED PNR™ TECHNOLOGY

Patented PNR™ technology provides the highest level of audio performance, incredible voice clarity and higher noise attenuation.

Certified 24 dB NRR, you can hear the difference! Ultra-lite Neodymium speakers provide rich, smooth frequency response so you no longer have to strain to hear radio conversation.

CABLE AND CONNECTOR OPTIONS

EasyLink™ DESIGN

EasyLink™ detachable cords allow the headset to interface with virtually all major brands of radio through a built-in universal 5-pin jack and a detachable cord with positive-lock connector. If the cord is ever damaged, simply replace the cord, not the headset, and get back to work in seconds.

Detachable cords, outfitting one person or an entire company is cost effective and provides flexibility for maintenance, expansion, or modifications.
