

FULLY DIMMABLE

DURABLE

ULTRA-THIN ONLY 0.3"

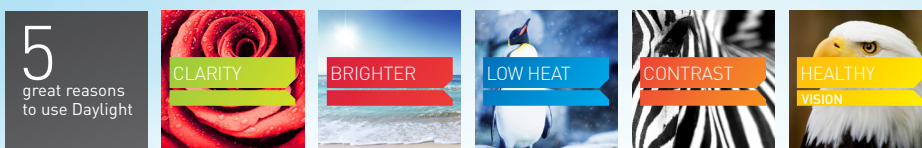

LIGHTWEIGHT

Wafer 1 & 2

LIGHTBOX

The latest generation of lightweight ultra slim (0.3" thick) lightbox using fully dimmable LED technology. It provides an even spread of light from edge to edge and emits very low heat. The Wafer lightbox is ideal for tracing, sketching, stenciling, calligraphy, scrapbooking, embossing, embroidery, appliqué and much more. Available in 2 sizes, supplied with a power adapter.
