

- Double-stage tapered fan system

- 8.4" / 213 mm diameter

- Improved sound quality

DESIGN APPLICATION

- "True" tangential discharge

- 3.5" High-Efficiency lamination

- Commercial and Residential **Central Cleaning Systems** - Car wash vac and blower

from motor ventilating air - Designed to handle clean, dry,

- Double ball bearings; 10mm output

DESCRIPTION

bracket

- 120 volts AC

systems

filtered air only

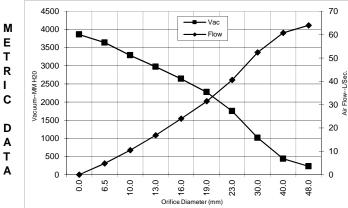

EK

122501-07 Model:

SPECIAL FEATURES

- 1500+ Avg Brush Life
- Etermity Carbon Brush
- Up to 44% Overall Efficiency
- High efficient cooling system
- Lamb "Green Power Label"
- Curved Brush
- UL and cUL recognized, category PRGY2 (E47185)
- Same mounting patern as Lamb's 7.2 tangential-bypass
- **PEAK AIRWATTS** 710 Calculated in accordance with ASTM F2105

Note: Metric Performance data is calculated from the ASTM data above.

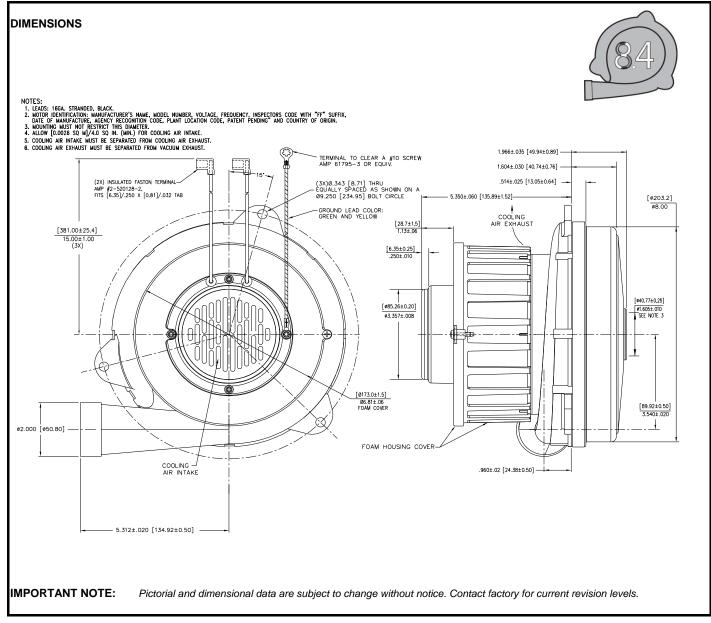

* Data represents performance of a typical motor sampled from a large production quantity. Individual motor data may vary due to normal manufacturing variations.

Test Specs: 120 Minimum Sealed Vacuum: 146" ORIFICE: 7/8" Minimum Vacuum: 64" Maximum Watts: 1840

- Equipment operating in environments requiring separation of working air

PRODUCT BULLETIN

WARNING - When using AMETEK Floorcare & Specialty Motors (F&SM) bypass motors in machines that come in contact with foam, liquid (including water), or other foreign substances, the machine must be designed and constructed to prevent those substances from reaching the fan system, motor housing, and electrical components. F&SM vacuum motors other than hazardous duty models should not be applied in machines that come in contact with dry chemicals or other volatile materials. Failure to observe these precautions could cause flashing (depending on volatility) or electrical shockwhich could result in property damage and severe bodily injury, including death in extreme cases. All applications incorporating F&SM motors should be submitted to appropriate organizations or agencies for testing specifically related to the safety of your equipment.
