## ABOUT US

Ourbetterplanet presents eco-friendly and luxurious wedding favours that involve thoughtful gifting that aligns with sustainability. Consider elegant, reusable items, and sustainably sourced products, that can be adorned with the couple's initials and wedding date, serving as both a keepsake and a practical addition to guests' homes.

By blending luxury with eco-consciousness, these wedding favours embody both elegance and mindfulness, leaving a lasting impression on guests while contributing to a more sustainable world.

# HAMPER 1

---

The delicious and healthy handmade chocolates. Available in a variety of flavours, shapes, and sizes, our Handmade

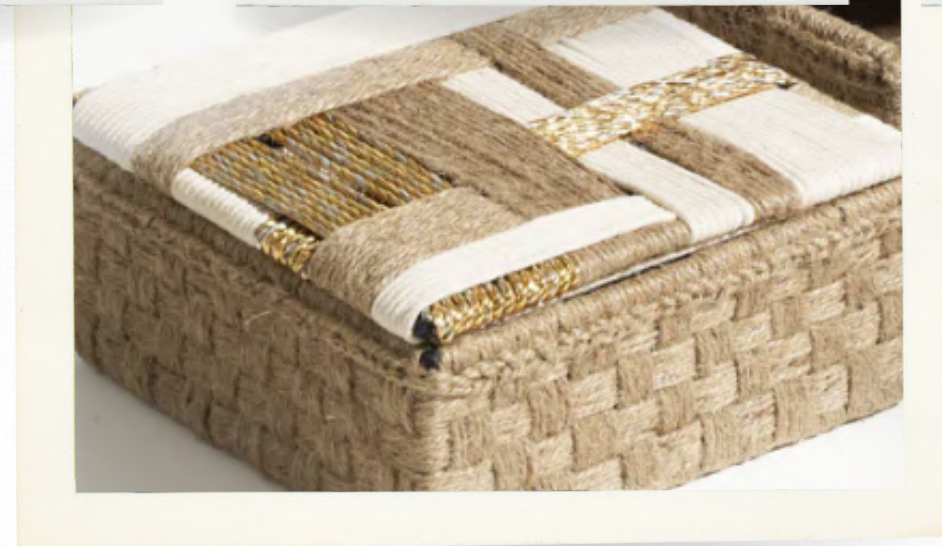

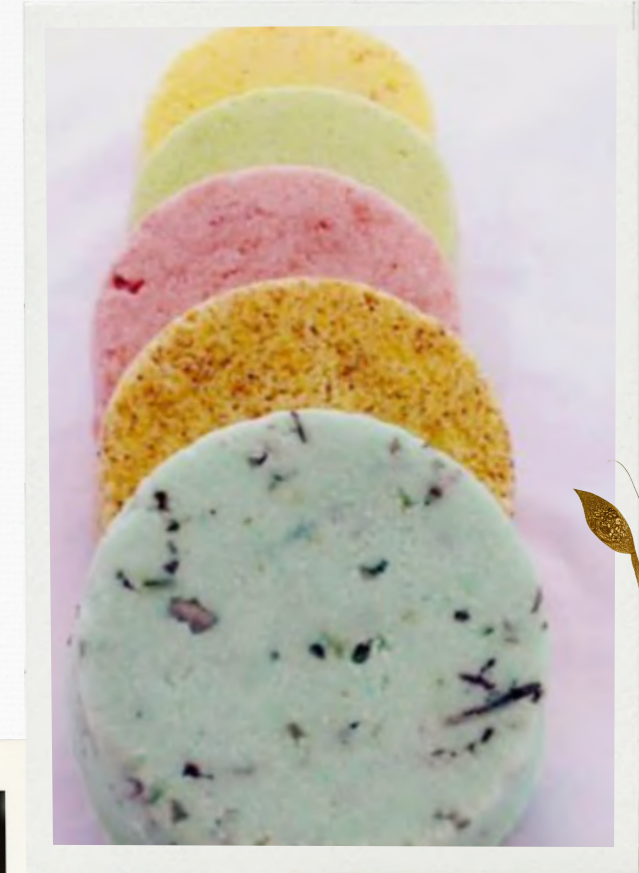

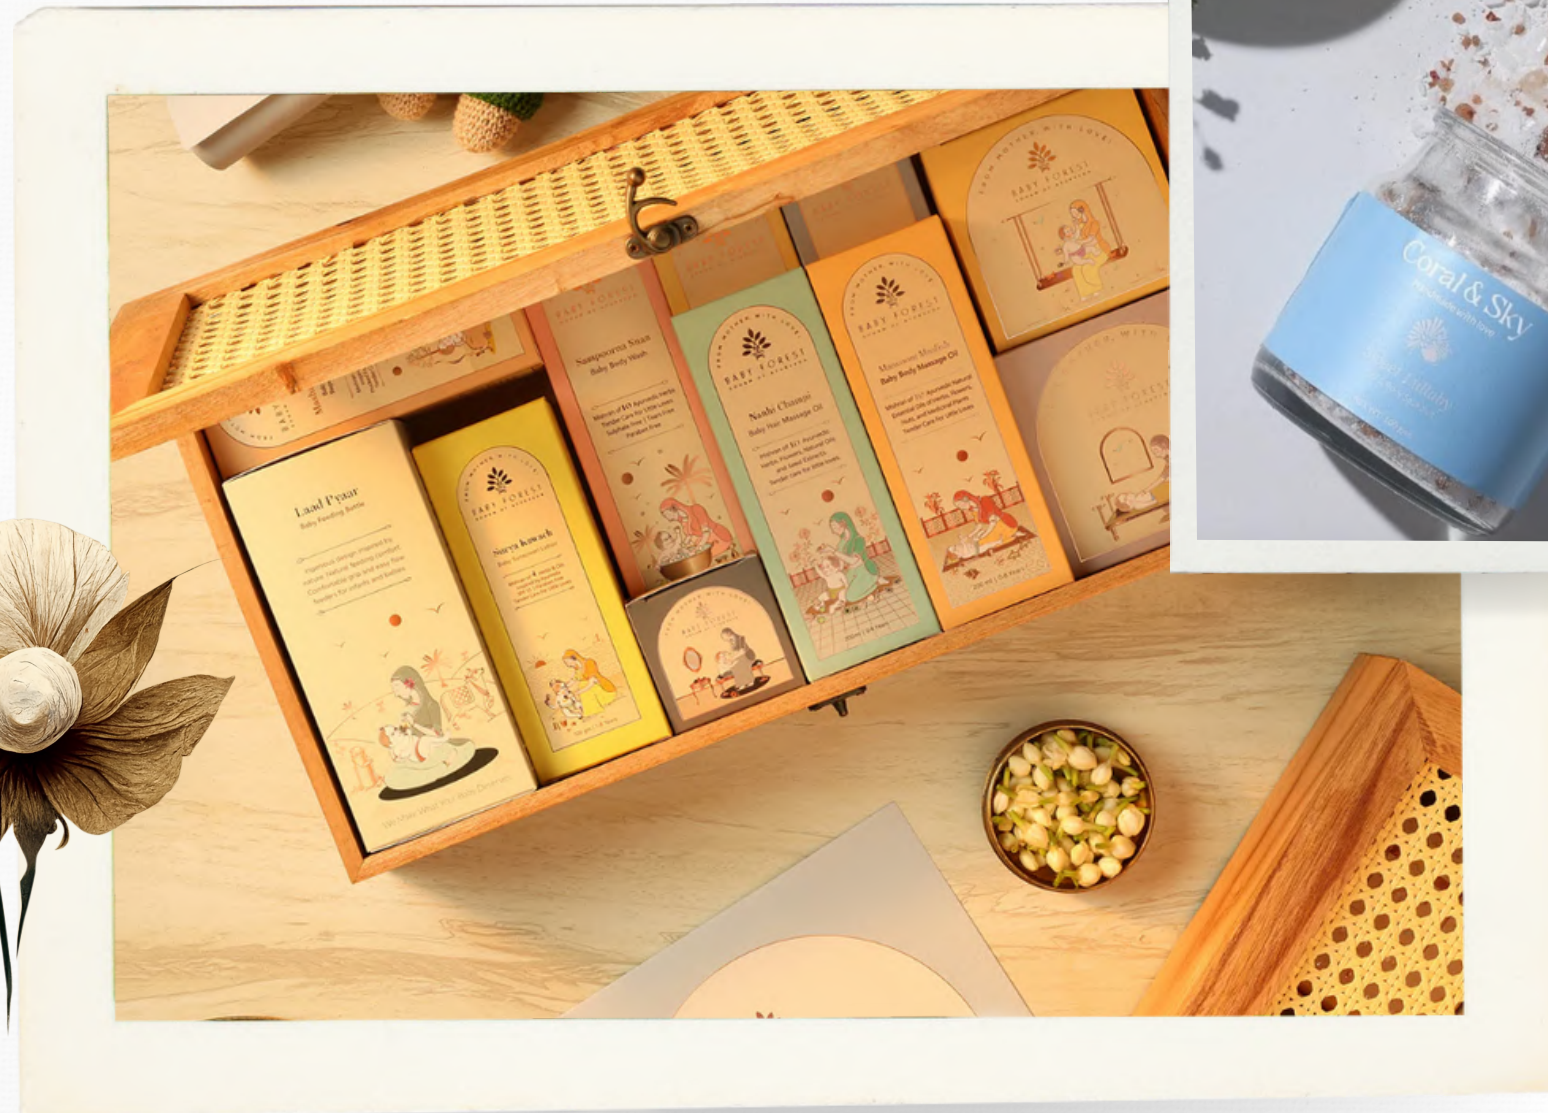

Soy wax candle Infused with powerful crystal energies to bring their metaphysical powers to the forefront of your everyday life.

A multi-functional storage box woven in a wave pattern. Its woven entirely out of ropes made from natural jute fibres and textile waste.

# HAMPER 2

Customized packaging for wedding favours can elevate the gifting experience while being eco-friendly. Consider using recyclable or biodegradable materials for the packaging, such as kraft boxes or bags made from sustainable sources.

# HAMPER 6

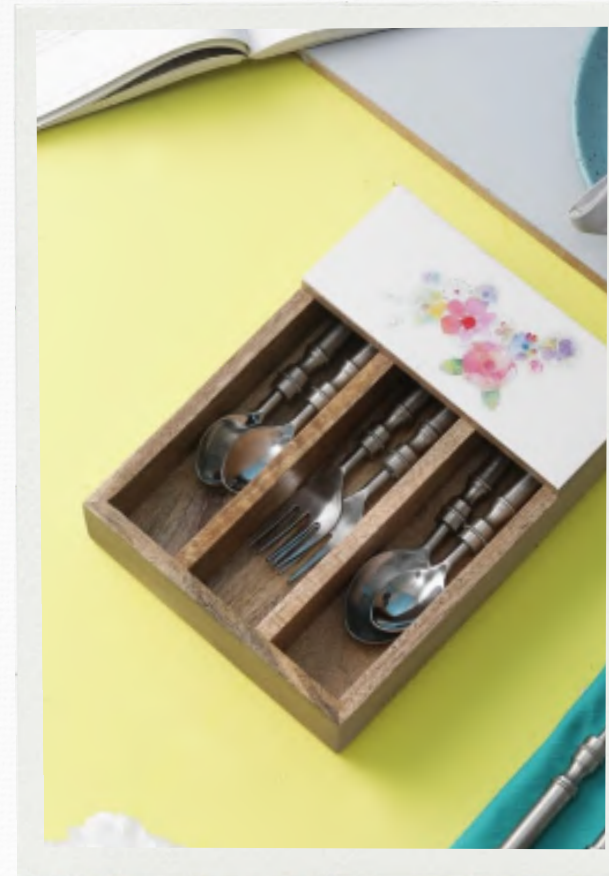

# HAMPER 7

A beautiful, artisanal gift for the cheese lover in your life.

The epoxy resin cheese board, knife, coasters and dip bowl gift box is a beautifully packaged wedding present or thoughtful anniversary gift which will impress recipients with sophisticated elegance and match any decor scheme.

## HAMPER 8

Sustainable wooden serveware encompasses a range of eco-friendly options for presenting and serving food. Consider serveware crafted from responsibly sourced wood, such as bamboo or acacia, which are fast-growing and renewable materials.

Look for serveware made by artisans or companies committed to sustainable practices, ensuring that the wood comes from managed forests or reclaimed sources, reducing the impact on natural ecosystems.
