

LUCY

QUARTERMAINE

AUTUMN WINTER
2023

“Be Unique”

Lucy Quartermaine Jewellery was founded in 2007 creating remarkable pieces in all shapes and forms, capturing snap shots of fluid elements in motion. She is able to fuse her design ambition alongside working knowledge and practice of an experienced silversmith.

One of the main things that sets Lucy Quartermaine’s collections apart from other jewellery designs is how the pieces are handmade from scratch. It’s all thanks to a unique and precise process that’s carried out from the very beginning. Every one of Lucy’s jewellery designs starts life as a simple sketch of an idea, before it transforms into the stunning final product that’s polished to perfection.

Although founded 12 years ago, Lucy’s passion and desire for British Jewellery design began long before this. She remembers being in awe of her grandmother creating jewellery from many different materials, Lucy herself creating her first piece of silver at just 16 years old.

Lucy took her passion for British Jewellery to the next level when she took a three-year course in Silversmithing and Design at Sheffield Hallam University. Here she began to be recognised for her originality and unique look.

Based in Chester, where Lucy has lived from birth, the English contemporary designer is inspired by nature and fluid elements in motion. She draws ideas for her beautiful British jewellery from mother nature happening around her, and emotive events that happen in her life.

TREES PLANTED SO FAR!

When shopping with Lucy Quartermaine, you contribute to a brighter future. We are proud to announce that since the beginning of 2022, we have been in partnership with The Ripple Africa Registered Charity. This partnership allows us to empower local people, assisting them to manage projects that affect their community and the rest of the world.

Supporting Ripple Africa's tree planting project will provide a long-term solution to fighting deforestation in Africa caused by the destruction of indigenous forests. For every 10 trees planted, one tonne of carbon is absorbed.

WHAT DOES THIS MEAN?

For every piece of Jewellery you purchase with us, a tree is planted! Each and every tree protects three indigenous trees, protecting forests and wildlife, giving them the chance to regenerate naturally. This also benefits local families and communities from every tree that is placed into the ground.

By working together with Ripple Africa, we can continue to drive the change we seek in the world and make a visible impact on our future.

Lucy quotes : "For years we have been searching for the perfect charity for our brand to support, Ripple Africa's work resonates on a deep level with our brand values, making it a perfect fit. Ripple Africa's focus on working with Malawian locals rather than for them and observing how they initiate projects from the ground up, whilst creating a sustainable change connected us to the charity. We can see the direct impact of our donation and in true Malawian style, the charity welcomes you in like family".

We as a brand are passionate about the environment and we feel invigorated that we are part of such an important project!

PLANTED A TREE!

Chester Mark

The Lucy Quartermaine brand is proud to be based in Britain, proud to be based in Chester. Chester has a rich and vibrant history with the jewellery industry. The Chester Assay Office closed its doors in 1962. From this date, the Town Mark of three wheatsheaves and a sword in a shield have remained dormant. Although no longer a hallmark, the Town Mark can be added alongside our current hallmark, separated by a double space to avoid confusion. Lucy Quartermaine has chosen to add the Chester Town Mark to her Jewellery, representing her heritage and paying homage to this amazing city, the place she calls home and has chosen to raise her own family.

General

925 STERLING SILVER

The majority of Lucy Quartermaine's designs are created using Sterling silver jewellery which is incredibly durable, making it perfect for everyday wear. Silver jewellery items compliment a wide range of outfits and are suitable for many different occasions. As long as you look after your jewellery, you can expect it to last a very long time before it needs to be replaced. The sterling silver is then plated in Rhodium therefore making the piece highly tarnish resistant, with a luxurious smooth finish.

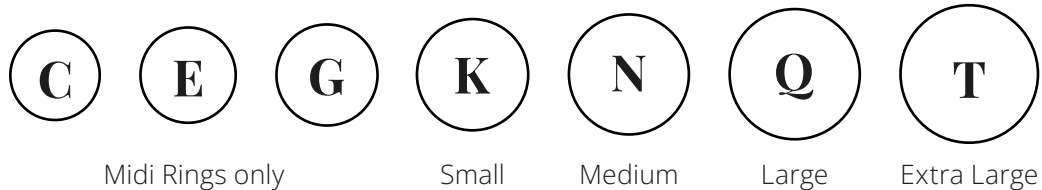

PACKAGING

Each item of jewellery includes a designer gift box and bag to protect your purchase during shipping.

EYE CATCHING, AERODYNAMIC SHAPES

The Art Deco Collection is highly influenced by Lucy's biggest inspiration, Charles Rennie Mackintosh. His stunning artwork and impressive architecture are captured within Lucy's designs. She draws influence from visits to Glasgow and admiring the wonderful art and architecture on display.

Geometric shapes and precise lines express the collections design, linking together with this beautiful art movement. The eye-catching white topaz stones evoke a feeling from this glamorous era with a dash of contemporary style.

A COLLECTION FIT FOR A QUEEN

Inspired by the life of the late Queen Elizabeth II the Royal Pearl collection is one of our most elegant and dainty collections to date. Lucy's designs are inspired by the Queen's most memorable jewellery motif of pearls. The collection also calls upon the Queen's love of nature and the natural world with some of the shapes being inspired by Lily of the Valley, the Queen's favourite flower.

Petal

SPIRITUAL AND CLASSY

DELICATE SHAPES OF FLOWERS

The Petal Collection draws inspiration from Lucy's favourite seasons, Spring and Summer. She loves to see floral displays grow and the delicate shapes of flowers form, capturing an image of the petals as they move in the breeze.

Lucy wanted to create a collection that brought in her love for all things floral and her inspiration from fluid elements in motion, this is where petal was born. Mother nature once again influenced Lucy to diversify her original designs and create another unique and inspiring collection.

Melody

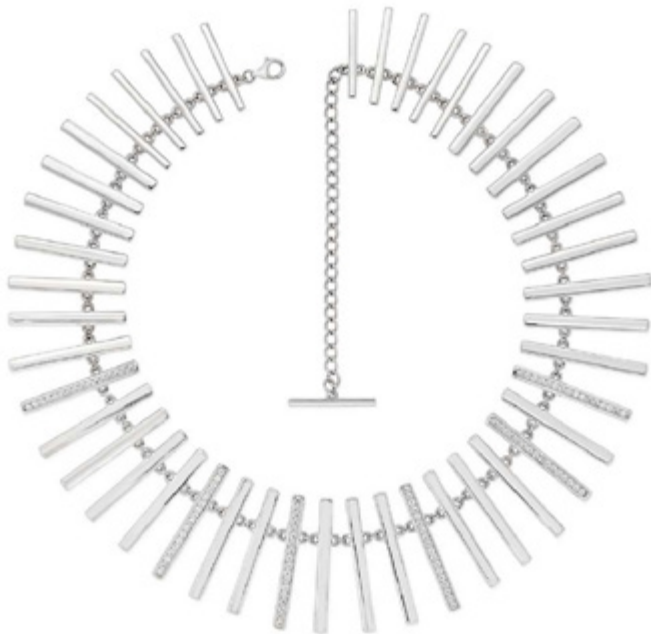

ECCENTRIC AND TRENDY

MUSIC TO MY EARS

The Melody Collection is inspired by music, rhythm and is represented in the jewellery by how the silver dances on the skin and how the natural light hits the silver which creates a music like movement. The tinkling sound made by 'Melody' is music to the ears, and at times, even music to your soul.

A great song, like a great book, affects the listener in unanticipated ways and resonates long after the music has ceased, same goes for a great piece of jewellery.
