

# Motion Graphic Design Intern

## **Our Team**

Mighty Jaxx is the leading integrated future culture platform in Southeast Asia today. With a mission to supercharge future culture phygitally, Mighty Jaxx's integrated platform will empower future pop culture brands with an end-to-end supply chain of digital and phygital collectibles, including artist development and incubation, proprietary IP operation and providing global consumers access to new D2C experiences.

Mighty Jaxx partners with the greatest creative talents in the world, as well as top global brands such as Netflix, Formula 1, Hasbro, Toei Animation, Cartoon Network, Nickelodeon, Warner Brothers, Adidas and many more to ship millions of phygital collectibles to over 90 countries worldwide.

We are proud to be an equal opportunity employer with a diverse, inclusive work environment and encourage our employees to bring their authentic, fun-loving, and high-energy selves to the workplace.

## **The Job**

Are you passionate about motion graphics and eager to gain valuable experience in the field? Mighty Jaxx is seeking a Motion Graphic Design Intern to join our team. This internship offers a unique opportunity to learn and grow in a dynamic creative environment.

## **Responsibilities**

- Assist in creating animated videos to support marketing efforts on various media channels
- Contribute to animated works that enhance the company's experiential and digital products
- Collaborate with various team members on the design, storyboarding, and animation of videos to communicate ideas effectively
- Assist in developing new design concepts, visual graphics, and layouts
- Support the creation of digitally scalable creatives, including templates for videos, presentations, and materials distributed across 10 markets
- Stay informed about the latest artistic trends to ensure our animated works remain contemporary and relevant

## **Requirements**

- Enrolled in a course with a higher learning institution, on motion graphics, videography, design, or a related field
- Experience with concept creation, style frame creation, and story-boarding
- Basic knowledge of Adobe After Effects, Illustrator, and Photoshop
- Knowledge of 3D video effects and software (Cinema 4D is required, Redshift is a big plus)
- Experience with cross-channel visual language strategies and execution (digital, social, on-ground, and experiential)
- Enthusiasm and a strong interest in motion graphics and design
- Eagerness to learn and contribute to the creative process, in a consumer goods company
- Strong aesthetic instincts with an understanding of video and design principles
- Excellent communication and collaboration skills
