

Quality Assurance (QA) Test Intern

Our Team

Mighty Jaxx is the leading integrated future culture platform in Southeast Asia today. With a mission to supercharge future culture phygitaly, Mighty Jaxx's integrated platform will empower future pop culture brands with an end-to-end supply chain of digital and phygital collectibles, including artist development and incubation, proprietary IP operation and providing global consumers access to new D2C experiences.

Mighty Jaxx partners with the greatest creative talents in the world, as well as top global brands such as Netflix, Formula 1, Hasbro, Toei Animation, Cartoon Network, Nickelodeon, Warner Brothers, Adidas, and many more to ship millions of phygital collectibles to over 90 countries worldwide.

We are proud to be an equal opportunity employer with a diverse, inclusive work environment and encourage our employees to bring their authentic, fun-loving, and high-energy selves to the workplace.

Your Role

Mighty Jaxx is looking for a Quality Assurance (QA) Test Intern to join the Engineering team in an exciting website revamp project.

We are looking for a full-time intern, who is able to join us from May 2024 onwards, ideally for a period of a minimum of 3 months.

Responsibilities

- Collaborate with product managers, technical leads, and other team members to support the QA team
- Take ownership of assigned tasks and QA tickets
- Participate in the QA of features and bug fixes under the guidance of QA leads
- Learn from and be mentored by the QA lead, and actively seek guidance to progress in your career goals
- Communicate project status, challenges, and opportunities to the team lead

Requirements

- Currently pursuing Computer Science, Software Engineering, or a related field of study
- Familiarity with QA principles used for web and mobile applications
- Understanding testing frameworks and writing of tests is advantageous
- Prior experience conducting tests in the e-Commerce industry would be a bonus
- Good problem-solving skills and the ability to articulate technical concepts clearly
