UI/UX Designer JD

Our Team

Mighty Jaxx is a unique future culture company that creates quality products across multiple categories such as art collectibles and lifestyle items, bridging the physical & digital world by powering it with technology. Since our inception in 2012, we have produced over 1,000 designs in collaboration with world-renowned artists and global entertainment brands like Hasbro, Sesame Workshop, Toei Animation and Warner Bros, delivering 5 million units of tech enabled collectibles to collectors in over 60 countries in 2020 alone.

We are proud to be an equal opportunity employer with a diverse, inclusive work environment and encourage our employees to bring their true fun-loving and high-energy selves to the workplace. With big, vibrant dreams and a culture of high performance in our workplace, you will always be engaged, empowered and feel positively challenged.

At Mighty Jaxx, we always extend our full support to the team to help them reach their full potential personally and professionally. If you love keeping up with the latest trends across different sub-cultures, love technology and are ready to embrace your creativity, we love to have you join us in creating the most unique experiences, products and content for our collectors!

The Job

User Experience is a big part of the Mighty Jaxx brand. In our business of making joyous products, we want to ensure that every part of the customer's interaction with us is well thought out and done well. As a UI/UX Designer, you are part of a team of designers, researchers, product managers, and engineers; that are passionate about human insights and behaviors and are constantly designing and iterating effective, delightful and intelligent user experiences to grow our audience base.

Responsibilities

- Collaborate with inhouse product team to design and build beautiful digital products that align with business goals
- Ensure a high level of creative design excellence with attention to detail
- Conceptual and present innovative user experience to stakeholders
- Ensure timely delivery of projects deliverables
- Conduct customer research to discover user insights and understand consumer behavior

Requirements

- A Design-related Diploma or better.
- A portfolio showcasing expertise in the fields of web and mobile design
- At least 2-3 years of experience in designing web and mobile applications
- Sound understanding of the Universal Principles of Design
- A solid grounding in Adobe XD/ Figma, Illustrator and Photoshop
- Experience in branding, graphic design and motion design are welcome
