This Month at Tree to Table PDX, We're Ready for Summer

In the May issue, we put a spotlight on a gorgeous custom waterfall table we made, highlighted the skills of our woodshop lead Isaac, and learned a bit about one of Portland's oldest historical trees. This month, we're making the most of the summer heat.

Let's see what we've got going on in June!

Gifts Under \$50: An Introduction to Charcuterie

As much as we love creating big tables, we'd also like to highlight our smaller items that may be flying under the radar — that would be our "Gifts Under \$50," AKA the perfect way to introduce your loved ones to the amazing world of charcuterie. This category includes small charcuterie and cutting boards, Bee Butter, Care Kits, cheese knife sets, and more!

Use our very special discount code **SUNSHINE** online for 10% off your purchase of our Gifts Under \$50, or holler it at checkout when you visit us at Urbanite! The more vigorously you say it, the better! This discount code is only good for Urbanite and the online store purchases during the month of June and may not be applied to custom work.

**In Production:
Heirloom Tables for Dan White**

Over the past few months, we have been very fortunate to work with Dan and Lauren, a father and daughter who commissioned us to turn a very special plank of wood into two heirloom coffee tables.

Read on for the story of the plank, told by Dan. Pictured alongside, you can see Dan's wife Barbara holding the plank in Wolf Creek, Montana, about 25 years ago.

She intended on turning the plank into a table and passing it down to members of the family. Following the passing of her parents, Barbara shipped some of their belongings, including the plank, to their home in Delaware. When Barbara passed two years ago, Dan sold their Delaware home and moved to Portland, Oregon to be near their daughter and the grandchildren — and he brought the plank with him.

“That good old piece of wood traveled cross country two times,” says Dan. Following the move to Portland, Lauren discovered Tree to Table PDX and decided that we would be the right people to transform the plank into a piece of furniture that can stay in the family for generations. Eventually, Dan tells us, the tables will be gifted to the grandchildren. Dan continues to say “Barbara’s wish will finally come true to remind our future generations of the connection to the Montana family heritage.”

Thank you Dan and Lauren for your patronage, and thank you for trusting us with your storied plank! Our whole team is proud to be a part of creating these family heirlooms.

Celebrating 50 Years with Friends of Timberline

For 50 years, Friends of Timberline has been protecting and conserving Timberline Lodge's rich legacy through projects that are supported by fundraisers, private donations, and grants. For this very special group of people, historical preservation is the name of the game. Since their inception in 1975, they've remained steadfast in their mission to serve as catalysts for positive change in conserving Timberline, from art preservation, to large-scale construction projects, to furniture, fabric, and lighting restorations.

This month, we had the unique pleasure of creating charcuterie boards engraved with the Friends of Timberline logo. We are always grateful to the Friends of Timberline for their patronage and for tirelessly conserving this incredible landmark and historical site, working along with RLK & Co and the US Forest Service. Make sure to pay Timberline Lodge a visit next time you're on the mountain!

The Portland Wishing Tree

Continuing our special tree section from last month, in June we're putting a spotlight on Portland's own Wishing Tree, an old Horse Chestnut located at the corner of NE Morris and 7th on the property of Nicole H. To quote Atlas Obscura, "Instead of fruit, the branches of this tree are brimming with hopes and dreams."

As you can see in the image, countless visitors to the tree have left behind their wishes in the hopes that they might come true. From a distance, the tree

looks strange. Up close, it's breathtaking. Consider visiting the tree this summer and leave a wish behind — maybe it will come true!

We're Celebrating Pride and Community at Tree to Table PDX

At Tree to Table PDX, our local community is very important to us. — James Baldwin
