

INSTRUCTIONS FOR USE

DIGIT COVER, DC2

 NewOptions

1. Place the digit cover on a flat surface, with the opening facing towards you.

2. Slide your foot into the opening of the digit cover. Gently pull the cover up over your foot, taking care not to snag or tear the material.

3. Adjust the cover as needed to ensure a comfortable fit. The cover should be snug enough to stay in place, but not so tight that it restricts circulation or causes discomfort. Repeat the process with the other foot, if necessary.
