

Airtight Suction Suspension Sleeve Series

Suggested LCode: L5685

New Options Sports has been manufacturing suspension sleeves for 30 plus years as an OEM manufacturer. These airtight suspension sleeves are very durable and comfortable to wear. These sleeves may be used with or without a BK suction valve. This cost effective series of sleeves provide alternatives to other types of suspension products.

FEATURES:

- Latex-free neoprene
- Manufactured for durability
- Four-way stretch for equal compression and ease of donning/doffing
- Provides airtight suction seal for use with transtibial suction valve
- Sharkskin, textured interior on selected sleeves provides for maximum grip to secure the prosthesis to the limb
- Product design does not allow for any restriction of movement
- Comes in 10 combined styles to meet most needs
- Available in four colors - tan, brown, black and golden tan

INDICATIONS:

- For use with transtibial prosthesis as suspension aid
- Airtight suspension

Washing Instructions:

Hand wash in cold water with mild detergent. NO chlorine bleach. Air dry. Do NOT put in dryer.
