Set-up Your Mat in a Zip... & Kick the Tape Habit Forever!

**Resilite's Zip Mat Locks Together
Fast and Secure.**

Features & Benefits:

- Resilite's patent-pending **Resi-Lock Connection System**. The first and only interlocking mat connection technology for a true tape-free mat.
- Fast and easy to set-up and tear down in only a few minutes.
- The **Resi-Lock Connection System** creates a military-strong, waterproof seal. It prevents cleaners, sweat or other liquids from getting below the mat surface.

- No expensive cases of mat tape to buy... Saving valuable time and money.
- **Resi-Lock Connection System** can easily be cleaned with antibacterial wipes, unlike hook and loop fastening systems which can trap hair, dirt, and debris.
- Outstanding graphics, lettering and artwork can be painted directly over the **Resi-Lock Connection** creating a great-looking mat that will last for years.
- **Resi-Lock Connection System** ensures a secure mat seam by interlocking the two mat sections together, creating a mat surface that is durable and secure.
