

WAINSCOT PANELS

Resilite's Wainscot Wall Padding offers superior protection for gymnasiums or nearly any other indoor wall padding need.

BUILT TO LAST

Maximum versatility with multiple protection types, sizes, and installation styles. Built-in antibacterial and antifungal agents make panels easy to clean. Durable 14-ounce reinforced laminate vinyl provides superior puncture, tear, and fire resistance; 18-ounce vinyl also available as an optional upgrade.

PERFECT FIT

Available in Conventional panels or easy-to-install Slot-Back keyhole panels. Four types of protective wall padding panels for a perfect solution to your needs. Custom padding can be made to protect any obstruction, including I-beams, columns, or posts.

PHOTO-REALISTIC GRAPHICS

Customizable with artwork & graphics or photo-realistic digital printing. High-resolution printing can accommodate photos and graphics with even the most intricate detail. Create vibrant, dramatic designs using high-resolution photo-realistic graphics and images.
