LoganTech

2018 Price List

ProxTalker

The ProxTalker is the most advanced and adaptable recorded speech communication device available! It uniquely uses RFID (Radio Frequency Identification) technology to enable independent verbal communication, for non-speaking people of all ages. This technology allows you to simply place any photo, symbol or object on a sound tag and have a voice.

The ProxTalker Package Includes: $2995 LPT-1A

ProxTalker
80 Pre-recorded Sound Tags
Backpack or Binder (Your choice)
100 Blank Sound Tags
2 Sets of Programming Tags
4 Color Pages with Velcro Strips
Peel and Stick Labels
Label Laminate Sticker Sheets
3 Year Warranty

ProxTalker Plus – Tangibles

This package comes with the Logan ProxTalker and the American Printing House for the Blind's Tactile Connection Kit. This package will help you create a tactile card system that is individualized for visually impaired and blind learners who have additional disabilities and/or lack a formal means of communication or literacy. The tactile symbols are created when part of an object is mounted on a hand-sized card representing core vocabulary categories (i.e. people, places, actions, objects, etc.). You then attach a recordable sound tag to the tactile card for voice output.

The ProxTalker Plus – Tangibles Package Includes $3999 LPT-1AT

ProxPAD

The ProxPAD is a single location communication and learning aid for persons with physical, visual, or cognitive impairments and require tangible objects or other site cues to initiate communication. The ProxPAD uses RFID (radio frequency identification) and gives a voice output and responds to touch or proximity frequency. The Touch mode requires your hand or sound tag to make contact with the blue surface of the ProxPAD while the Proximity mode allows you to swipe the sound card above the surface making it perfect for the person who has limited mobility or needs the ProxPAD mounted under a table or wheelchair tray.

The ProxPAD Package includes: $1249 LPP1-S
ProxPAD
50 Large Blank Tags
Programming Tag Set

Beyond Adaptive Key Guards
Beyond Adaptive Key guards are manufactured with the latest technology, using high-strength polycarbonate, and durable attachment components. Our competitors' acrylic products cannot compete with the strength and durability of our key guards!

Standard for ProLoQuo2Go, TouchChat HD, LAMPand GoTalkNow APPs   **$85**
Custom Made Key Guard   **Starting at $149**

Waterproof Guided Keyboard   **$299 KB2000**
A Beyond Adaptive high-strength polycarbonate key guard combined with a silicon-based computer key board features a unique combination of accessibility, durability and soft, comfortable feel. You don't have to worry about spills!

Elastic Strap Attachment Kit for Key Guards   **$15 ESTRP-KT**
Includes 2 Elastic Straps with polycarbonate keyhole clips, 4 Adhesive bumpers, 4 Keyhole Screws **Please Note:** Your key guard must have pre-drilled keyhole screw cutouts (see product guide) to be compatible with this attachment method.

Variable Friction Arm with Quick Release and Quick Action Base Clamp   **$325 VFAB002**

Our most popular mounting arm with our most popular attachment clamp! This arm works in conjunction with any of our device cradles (sold separately) to mount up to 6.6 lb (3kg) device to almost anything. The arm has a reach of almost 21" (53.0 cm). The quick action clamp fits round or square objects from 0.5" to just over 2" wide (13mm-55mm). Has a quick action jaw for easy attachment and removal. The quick action clamp works great for quick attachment and removal of the mounting arm.

Beyond Adaptive Cradles

At LoganTech we use high quality RAM® device cradles with a very durable quick release system, making it extremely easy to attach our device cradles to any of our mounting systems. If you don't currently have one of our mounting systems, you can purchase a hardware retrofit kit that will enable you to use our simple quick release system with your existing mounting arm.

Quick Release Cradle, iPad 1-4 No Case $99 QRC001

We partnered up with RAM® to bring you one of our most popular mounting cradles for Apple® iPad™ (1st-4th generation) without cases or bumpers. For use with any of our mounting systems. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, iPad 1-4 No Case, Locking $149 QRC002

This cradle is designed to hold the Apple® iPad™ (1st-4th generation) without bumpers or cases while allowing easy access to electronic ports. The iPad™ is secured to the cradle with a combination lock. Use in conjunction with the optional Kensington® locking system to completely lock down your device. For use with any of our mounting systems. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, iPad Air/Pro 9.7 No Case $99 QRC022

Works with iPad Air™ without a case. Similar to our Basic iPad™ Cradle, iPad™ air fits snugly into cradle and is secured using RAM's EZ Rollr™ system. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, Tab-Lock, iPad 1-4 in Most Cases $149 QRC018

Similar to the Tab Tite™ cradle, but with a key lock to secure your iPad. Use with a Kensington® locking system to completely secure your investment. Great for schools, hospitals, or wherever a little extra security is needed. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, Tab-Lock, iPad Air/Pro 9.7 in Most Cases $149 QRC024

Similar to the Tab Tite™ cradle, but with a key lock to secure your iPad. Use with a Kensington® locking system to completely secure your investment. Great for schools, hospitals, or wherever a little extra security is needed. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, Tab-Tite, iPad 1-4 in Most Cases $99 QRC007

One of our most popular device cradles! We partnered up with RAM® to bring you this extremely versatile cradle. Works with any tablet, with or without a case that falls within the cradle specifications. For use with any of our mounting systems. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, Tab-Tite, iPad Air/Pro 9.7 in Most Cases $99 QRC023

One of our most popular device cradles! We partnered up with RAM® to bring you this extremely versatile cradle. Works with any tablet, with or without a case that falls within the cradle specifications. Cradle Dimensions: Height: 9.5″ to 12.125″; Width: 6.55″ to 7.43″; Depth: 0.3″ to 0.875″ For use with any of our mounting systems. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, Tough Tray II, Universal Tablet/Laptop $99 QRC005

We partnered up with RAM® to bring you this extremely versatile cradle. The spring-loaded expandable tray can accommodate small netbooks and tablets with or without cases. The tray includes four (4) side clamping arms with rubber grip feature. These arms can be moved both vertically and horizontally. Tough Tray II™ Dimensions: Tray Depth: 6.0″; Tray Thickness: 1″; Tray Width (Expansion): 8.56″ to 11.12″; Side Clamp Arm Height: 2.75″ max. For use with any of our mounting systems. All Quick Release hardware is included with our device cradles.

Quick Release Cradle, X-Grip for 10in Tablets $149 QRC019

For use with Apple® iPad™ (1st-4th generation) without a case, or with a light-duty case. Will also fit any tablet less than 10.25 inches long and between 6.25 and 8.1 inches wide. We partnered up with RAM® to bring you this versatile cradle. Uses spring-loaded grips to securely grasp your iPad while leaving all electronic ports free. All Quick Release hardware is included with our device cradles.

Suction Mount with Cradle, iPad 1-4 No Case $99 SC001

We partnered up with RAM® to bring you one of our most popular mounting cradles for Apple® iPad™ (1st-4th generation) without cases or bumpers. Suction Cup Mounting System: Includes 3″ suction cup and double socket arm. Designed for use on non-porous surfaces, including plastic, glass, etc. to ensure strong suction. The arm has a reach of almost 6.75" (17.15 cm). Double-socket arm with one adjustment point for an infinite number of viewing angles

Suction Mount with Cradle, iPad 1-4 No Case, Locking $149 SC002

This cradle is designed to hold the Apple® iPad™ (1st-4th generation) without bumpers or cases while allowing easy access to electronic ports. The iPad is secured to the cradle with a combination lock. Use in conjunction with the optional Kensington® locking system to completely lock down your device. Suction Cup Mounting System: Includes 3″ suction cup and double socket arm. Designed for use on non-porous surfaces, including plastic, glass, etc. to ensure strong suction. The arm has a reach of almost 6.75" (17.15 cm). Double-socket arm with one adjustment point for an infinite number of viewing angles.

Suction Mount with Cradle, iPad Air/Pro 9.7 No Case $99 SC022

Works with iPad Air without a case. Similar to our Basic iPad Cradle, iPad Air fits snugly into this cradle and is secured using RAM's EZ Rollr™ system. Suction Cup Mounting System: Includes 3″ suction cup and double socket arm. Designed for use on non-porous surfaces, including plastic, glass, etc. to ensure strong suction. The arm has a reach of almost 6.75" (17.15 cm). Double-socket arm with one adjustment point for an infinite number of viewing angles

Suction Mount with Cradle, Tab-Lock, iPad 1-4 in Most Cases $149 SC018

Similar to the Tab-Tite™ cradle, but with a key lock to secure your iPad. Use with a Kensington® locking system to completely secure your investment. Great for schools, hospitals, or wherever a little extra security is needed. All Quick Release hardware is included with our device cradles. Suction Cup Mounting System: Includes 3″ suction cup and double socket arm. Designed for use on non-porous surfaces, including plastic, glass, etc. to ensure strong suction.
