

ProteoPro

Supports healthy circulation, immunity, and elimination*

Supplement Facts

Serving Size 1 Capsule
Servings Per Container 60/120

Amount Per Serving	% Daily Value
Tzyme™ Protease Blend (peptidases, bromelain) (355,020 HUT + 19 SAPU) (600,000 PU)	492 mg †

† Daily Value not established

OTHER INGREDIENTS: VEGETABLE CAPSULE (HYPROMELLOSE, WATER), CALCIUM CITRATE

Did You Know? It is better to take small servings of protease frequently throughout the day rather than a large serving once or twice a day. The goal is to keep the protease activity constant in the blood stream for optimum benefits.

RECOMMENDED USAGE:

Take one (1) capsule two times a day on an empty stomach with 8 oz. of water or as directed by a health care practitioner. Contents may be removed from capsule and taken by spoon immediately after mixing with a small amount of tepid water. One (1) capsule may be taken with meals to enhance the digestion of proteins.*

Available in bottles of 60 and 120 capsules.

Assuring optimal protein digestion and proper blood flow is necessary for effective nutrient delivery, a healthy immune response, and the body's natural detoxification processes. Our strongest systemic protease formulation includes over 355,000 HUT units of protease activity supporting healthy circulation (blood and lymph) and optimal immune health.* Supporting circulation with Protease encourages delivery of oxygen and nutrients to the cell for health and vitality, removal of metabolic wastes from the cell, and transport of immune cells throughout the body to help maintain a healthy internal environment.*

- **Proteolytic Enzyme Blend.** Optimal circulation is dependent upon the presence of effective proteolytic enzymes.* Endo/exo peptidases are known to break the inner/terminal bonds of amino acid chains for more efficient hydrolysis of proteins. The highly active systemic enzymes in this formula have a wide range of pH stability (3.0 pH – 10.0 pH) which is essential for maximum benefit.*
- **Bromelain.** These soothing plant enzymes are in the vegetarian Protease formula along with a small amount of Calcium, which improves tolerance on an empty stomach.*

Health Benefits: Athletic Enzymes' ProteoPro is an enzyme supplement designed to help promote protein digestion and healthy elimination as well as overall cardiovascular, muscular, urinary, and immune system health.*
