Sharing in the Legacy

Recognized for decades as a leader in sophistication and quality, Nurre Caxton mouldings have long been at the forefront of elegant custom framing. We at Crescent Brands are proud to be building on this legacy. Whether it's launching lines of products like Heritage and Hygge, or working to bring on new distributors, we are dedicated to building on the past success of Nurre Caxton, bringing renewed passion to this firmly established brand.

Crescent has been in my family for 120 years, so I have great respect for the history of all our brands. This is the reason I am so eager to build upon them. With a sincere commitment to exciting new product designs, consistent and convenient availability, and the highest standards of quality, I am ready to share with you in writing the next chapter in the history of Nurre Caxton.
