

SAFETY DATA SHEET

Mass Corporation
SDS Number : 202
Date: May 1, 2015
Product Name: Peppermint Oil

Section 1- Company and Product Identification

Supplier Details:

Mass Corporation
4521 WolfCreek Pkwy
Louisville, Ky 40241
Tel: 1-859-246-1668; 502- 608- 3014
Emergency Phone Number : 1-800-424-9300
Non Emergency Phone Number : 1 (859) 246-1668

Mass Corporation urges the customer receiving this Safety Data Sheet (SDS) to study it carefully to become aware of hazards, if any of the product involved.

Product Name: Peppermint Oil

Botanical Name: *Mentha piperita*

CAS# 68917-18-0

Country of Origin: India

Section 2 – Hazardous Identification

Irritating to eyes and skin

Wear protective gloves/protective clothing/eye protection/face protection

NFPA

SIGNAL WORD: WARNING !

DANGER! MAY BE HARMFUL IF SWALLOWED.MAY CAUSE IRRITATION TO SKIN, EYES. MAY CAUSE ALLERGIC REACTION. KEEP CONTAINER TIGHTLY CLOSED WHEN NOT IN USE. KEEP OUT OF REACH OF CHILDREN. AVOID DURING PREGNANCY.

Eye Contact: Can cause burning sensation. Irrigate with water immediately.

Skin Contact: Mild irritant but may cause pain or inflammation on sensitive areas of the skin.

Ingestion: TOXIC: If ingested, may cause nausea, vomiting, pain, drowsiness, convulsions, coma or death.

Inhalation: Breathing of vapors can irritate mucous membranes/respiratory system.

Section 3- Composition Information on Ingredients

Parts Used: Herb

Chemical Identity: essential oil

Chemical Name: essential oil

Contents:

Chemical components: TMC > 55%

Section 4- First Aid Measures

Eyes: **EYE IRRITANT.** Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention if irritation persists.

Skin: Immediately flush skin with plenty of soap and water. Remove contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation persists.

Ingestion: Rinse mouth and seek medical attention immediately. Do NOT induce vomiting. Loosen tight clothing such as collars, ties, belts etc. If the victim is not breathing, perform mouth to mouth resuscitation.

Inhalation: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Medical Conditions Generally Aggravated by Exposure: N/A

Section 5- Fire Fighting Measures

Flash Point: 120 to 124 degrees Celsius

Extinguishing media: Dry sand, carbon dioxide or foam. Closed containers may build up pressure at elevated temperature. Do not use direct water jet on burning material.

Special Procedures: Determine the need to evacuate or isolate the area according to your local emergency plan.

Unusual Firefighting Hazards: None identified.

Protective Equipment: Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving oils or chemicals.

Section 6- Accidental Release Measures

Personal Precautions: Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8.

Safety Precautions: Eliminate all ignition sources. Ventilate area. Determine the need to Evacuate or isolate the area according to your local emergency plan.

Environmental Precautions: Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required.

Methods For Cleaning Up: Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

Section 7- Handling and Storage

Handling: Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

Storage: Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep away from extreme heat and from freezing conditions and away from all sources of ignition Make sure the material does not come into contact with substances listed as: "Materials to Avoid".

Section 8- Exposure Control/Personal Protection

Eyes Protection: The use of safety glasses is recommended. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

Respiratory Protection: In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

Protective Gloves: Using chemical resistant gloves is recommended.

Protective Clothing: Using chemical resistant clothing is recommended.

Protective Equipment: An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

Section 9- Physical/Chemical Properties

Physical State:

Odor: Characteristic orange odor

Specific Gravity @25 degrees Celsius: 0.897

Vapor Pressure (mm Hg.): No data available

Vapor Density (AIR = 1): No data available

Auto Flammability : Autoignition temperature :237 degrees Celsius. Above 45 degrees Celsius, explosive vapor-air mixtures may be formed.

Boiling Point: 175.5 to 178 degrees Celsius

Melting Point: -74 to -94 degrees Celsius

Solubility in Water: Insoluble in water. Soluble in alcohol and oils.

Auto Flammability : Autoignition temperature: 237 deg Celsius,

Section 10- Stability and Reactivity

Stability: Stable

Conditions to Avoid: Excessive heat, sparks, flame

Incompatibility (Materials to Avoid): Avoid strong oxidizers

Hazardous Decomposition or Byproducts: Forms CO and/or CO₂, acid fumes etc upon burning

Hazardous Polymerization: Will Not Occur

Section 11- Toxicological Information

Chronic Effects on Humans: Not Available

Carcinogenic Data: None of the components of this material are listed as a carcinogen

Reproductive Toxicity: No adverse effects on reproduction are known

Inhalation: Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

Skin Contact: Repeated or prolonged contact can cause redness, irritation and scaling of skin (Dermatitis). Adverse skin effects should be prevented by normal care and personal hygiene

Eye Contact: May irritate eyes.

Ingestion: Low order toxicity causing irritation of the stomach and intestines which results in nausea and vomiting.

Medical Conditions Aggravated by Exposure: May aggravate dermatitis, psoriasis and other skin conditions. Avoid use during pregnancy.

Carcinogenicity Toxicity. Not listed as Carcinogenic.

Reproductive Toxicity: None known

Chronic Toxicity: May cause allergic reactions on skin

Section 12- Ecological Information

May be toxic to aquatic organism; may cause long-term adverse effects in the aquatic environment. Avoid any pollution of ground, surface or underground water.

Section 13- Disposal Consideration

Waste Disposal Methods: Dispose of in accordance with local, and federal regulations. Check with disposal experts to ensure compliance.

Section 14- Transportation Information

DOT Classification: Not regulated as a hazardous material

IATA Shipping (Air): Not regulated as a hazardous material

RID/ADR: Class 3- Flammable Liquid

IMO Shipping Description: Not regulated as a hazardous material

Class/Division: Class 3 – combustible liquid

Proper Shipping Name:

Label: None

Packing Group: ID Number: NA

Hazard: NA

Section 15- Regulatory Information

US DOT Shipping: Not regulated

HMIS (USA): Health: 2 Fire: 1 Reactivity: 0

WHMS (Canada): Check with authority

SARA 302/ SARA 313: NONE

Protective Equipment: Gloves, Lab coat,, Splash Goggles

Section 16-Additional Information

SDS Revision updated to GHS standard.

Date: 05/01/15

Prepared by QA Dept. of Mass Corp.

This information is provided for documentation purposes only. Sincere efforts made to include most available data. The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions maybe necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.
