

Lens refinement scale

Regular price: \$309

New Look has developed its own quality and performance scale for lenses. Our score between 0 and 10 classifies each type of lens based on its technology, manufacturing process and fields of vision. The scale starts at our simplest lens and goes up to our most complex lens that provides the best visual performance and maximum comfort.

OPTIONS

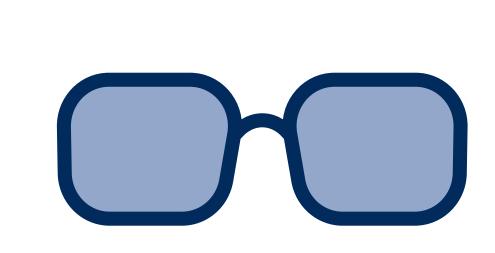

All our lenses are easy to care for and include a scratchresistant and an anti-reflective coating. Three additional choices are also available:

Blue Light

+\$70

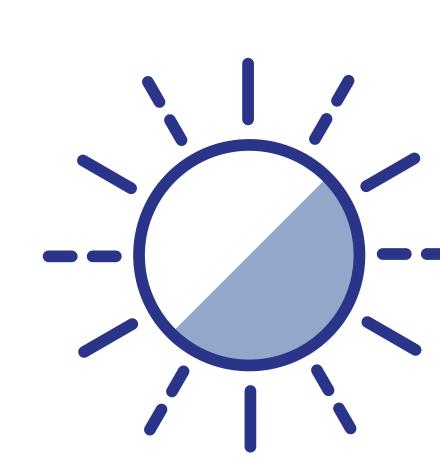

Choose blue light protective lenses to reduce eye strain.

Polarized

+\$70

Opt for polarized lenses to reduce glare, while choosing a colour to harmonize with your tastes.

iRayAct

+\$160

Our iRayAct lenses become tinted in the sun offering you protection against UV rays.

THINNED LENSES

Various thinning options are available to provide a lighter, flatter, high-end lens with superior aesthetic and visual comfort.

Thin	+\$70
Very thin	+\$130
Ultra-thin	+\$230
