## NT-EVOLUTION IDP

**GOST** gives you the power to know, wherever you are, that your boat is safe, secure, and ready to enjoy. Affordable, easy to install and simple to use, GOST is the perfect solution for connecting you with your boat.

Our next-generation GOST NT-Evolution IDP series provides you with a **rugged, marine-grade satellite relay unit with real-time position GPS tracking & security alerts** options easily accessible from any mobile device.

The **NEW GOST IDP Series** offers enhanced reliability and delivers more data than any other satellite M2M services in the market. This allows you to share more data across diverse vessel monitoring operations.

\*\* GOST Systems are 100% customizable to any size vessel.

### What's Included:

- GOST Nav-Tracker IDP Antenna
- 30-foot antenna cable
- Battery Back-up
- High-Water Sensor
- Infrared Beam Sensor
- Wireless Door/Hatch Sensor
- Mini Siren
- High-Intensity Strobe
- Two Remote Key-fobs

**Wireless Options Are Available**

### GOST SPECTER TRACKING APP

- ☑ Mobile & Desktop Access
- ☑ GEO-Fence Monitoring/Alerts
- ☑ Real-time GPS Tracking
- ☑ 90-Day Tracking History
- ☑ Text/Email Monitoring Alerts
- ☑ Multi-Vessel / Fleet Tracking
- ☑ Remote Arm & Disarm
- ☑ GOSTrax<sup>®</sup> CloudBased AI

The **NEW GOST NT-Evolution IDP** is a top-of-the-line globally capable wireless security, monitoring and satellite tracking system designed specifically for the harsh marine environments.

**Infrared Beam Sensor**  
GMM-IP67-IBS2-Siren Out

The GMM-IP67-IBS2 Siren Out wireless Infrared Beam Sensor is designed to protect the exterior perimeter of the vessel. There is an invisible infrared beam shot between the emitter and the detector's dual set of photoelectric eyes.

**High Water Sensor**  
GMM-IP67-HWS

Wireless High Water Sensor includes a mounting bracket for the float switch that will be installed in the bilge of the vessel slightly below the boat's factory installed high water sensor.

**Door/Hatch Contact**  
GMM-DC

The GMM-DC is our standard wireless door and hatch contact for use inside the vessel. It has both a built-in magnetic switch as well as a universal input and works with any of our extension sensors for a more discreet install.

**Water Resistant Mini Siren**  
GA-Mini-Siren

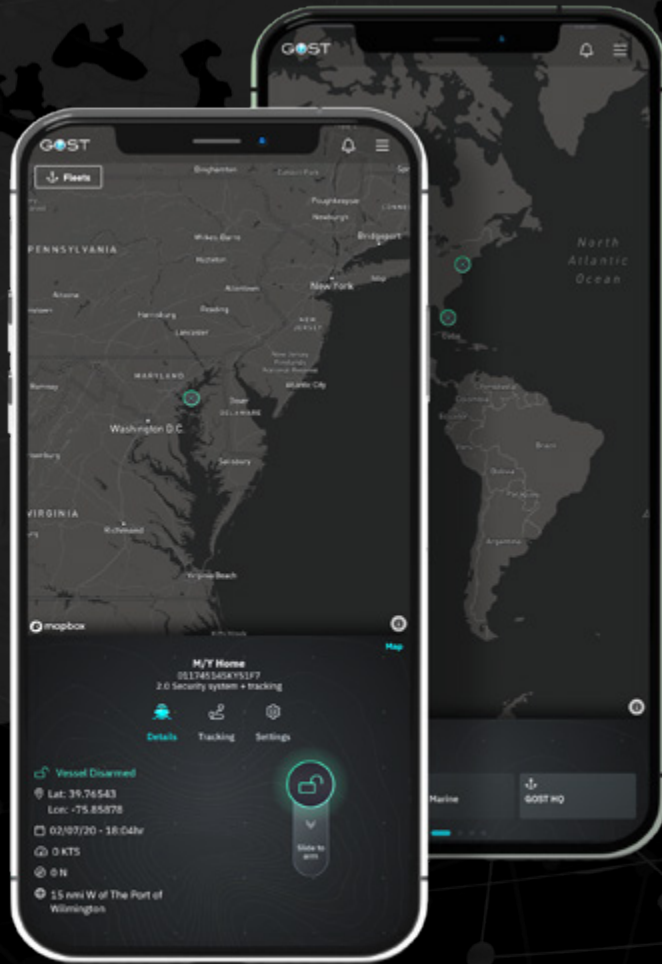

GOST Acoustics Mini Water Resistant Super Loud Multi-Tone Marine Siren, 120db 20 Watt. The advantage of this siren is it's small size, as it can be installed under the gunwale or virtually anywhere on the vessel.

**High Intensity Strobe**  
GA-Strobe

GOST Strobe Lights: Ultra Small, self-contained, semi-hemispheric LED light, for surface mount within composite headlamps, 25 Scan-Lock ash patterns, includes synchronized features for alternating and synchronous flashing of multiple lamps.

# SAY HELLO TO THE NEW GOST SPECTER

## THE WORLD'S MOST ADVANCED MARITIME MONITORING & TRACKING

- Real-time GPS Tracking
- Geo-Fence Alert System
- Global Coverage
- Position History
- 99.9% Reliability
- Remote Arm & Disarm
- Build & Track Fleets
- Mobile & Desktop Friendly

GOST has been honorably recognized by the U.S. Coast Guard for its ongoing assistance in life-threatening emergency vessel rescues & recoveries.
