

BARR HILL®

TOM CAT GIN

CAT BURGLAR

1.5 oz	Tom Cat Gin
1 oz	Cynar
1 oz	Fresh Lemon Juice
0.5 oz	Raw Honey Syrup
1	Orange Wheel (sunshine)

Adding an orange wheel to a shaker is a technique called using a “sunshine.” Shaking with the orange wheel releases the oils from the peel and just a hint of the juice into the cocktail.

Add everything to a shaker, including the orange wheel, and shake with ice. Double strain into a coupe glass. Express and discard an orange twist.
