

BARR HILL®

TOM CAT GIN

NOTES OF JUNIPER, HONEY & OAK

Once distilled, we age our Barr Hill gin in new American oak barrels in search of a bolder expression. The robust character of the new oak barrel mingles with the coniferous quality of the juniper, yielding an enticing aroma. A touch of raw honey leaves this revolutionary spirit remarkably approachable, whether drinking neat or in a cocktail. Fastest Growing Barrel-Aged Gin. Distinctive for its memorable character and versatility. *When the world called for whiskey, we answered resolutely with barrel-aged gin.*
