

Sample Calculation For The Above 13 ft. Run
 $13 \text{ ft.} - 4 \text{ ft. wide gate} = 9 \text{ ft.}$
 $9 \text{ ft.} \div 6 \text{ (section length)} = 1.5 \text{ Sections}$
 1 Full Section & 1 Cut Section

Sample Calculation For The Above 22 ft. Run
 $22 \text{ ft.} - 4 \text{ ft. wide gate} = 18 \text{ ft.}$
 $18 \text{ ft.} \div 6 \text{ (section length)} = 3 \text{ Full Sections}$

Total Materials Needed

- (40) Fence Sections (5 sections to be cut)
- (2) 4 ft. Wide Gates
- (33) Line Posts
- (4) Corner Posts
- (2) End Posts
- (4) Gate Posts

All of our residential fence sections are 6 ft. long.
 Post mounting is 72.5" on centers. Fence sections
 can be easily cut using a hacksaw or sawzall.
