General information

- Keep this manual for future reference.
- For technical reasons, the battery is delivered with a lower charge. We recommend fully charging the light before using it for the first time.
- Any modifications to the product may be made, but it is important to always follow the safety guidelines to ensure safe usage.
- Regularly wipe the lamp with a dry, lint-free cloth. For stubborn dirt, use a slightly damp cloth.
- Before assembling, check for any damage. Follow the assembly diagram for easy setup.

What's Included

A. Touch Switch

Gently touch and glide your finger along the ring to explore and select your desired color. Effortless, intuitive, and seamless.

- Single Press – Warm 3000K light turns on; long press to adjust brightness.
- Double Press – Activate RGB auto mode for smooth colour transitions. Glide your finger along the edge to choose your desired colour.
- Triple Press – Effortlessly turn off the light.

B. USB Port Cap

Ensure the USB port cap is closed before use to protect against moisture.

- Port: USB Type-C
- Input: DC 5V 1A
- Indicator Light: Red while charging, green when fully charged.

C. Charging Cable (USB-A to USB-C)

- USB cable is for indoor use only.
- Charging adapter is not included.

D. Magnetic Connection

Effortlessly adjust your lighting experience with a magnetic design, allowing seamless attachment of the shade.

- Interchangeable lampshade: Easily swap between shades to suit your space and style.
- Flexible angle adjustment: Tilt and position freely to suit any ambiance.

E. Dust Cloth

- Gently wipe the lamp with the included dust cloth to keep it clean and free from fingerprints.

Safety & Disposal Guidelines

Your safety is our priority, but we cannot be held responsible for incidents caused by improper use. If you have any questions, feel free to reach out at info@silcohaus.com—we’re happy to help.

- Keep out of reach of children—this product is not intended for play.
- Do not use if damaged and never immerse in water.
- Suitable for outdoor use, but avoid heavy rain or submersion in water.
- Do not look directly into the light or place near flammable materials.
- Never cover the lamp while in use, and keep it away from extreme heat or cold.
- When the lamp reaches the end of its life, dispose of it responsibly through local recycling programs or contact your dealer.
- Batteries must not be disposed of with household waste, as they may contain hazardous materials and require special disposal.

Warranty Coverage

- We stand by our quality with a **one-year warranty** from the date of receipt.
- If your lamp develops a fault within this period, send it to our warehouse for free repair—just cover the shipping cost.
- After the warranty expires, repair services remain available for a fee, assessed based on the nature of the repair. For assistance, please contact us at info@silcohaus.com.

Tech Specs	
Model Number	SS1001
Input Power	DC 5V, 1A
Power Consumption	3.3W
Light Source	2835 SMD LEDS
Brightness (Luminous Flux)	250 Lumens
Colour Temperature	3000K (Warm white) + RGB (Multicolour)
Battery Capacity	3.7V, 5200mAh (Type: 16850)
Control Switch	Touch-sensitive button
Dimming Modes	Stepless dimming & RGB colour modes
Charging Time	9 hours
Working Time	High Brightness: 11 to 12 hours Low Brightness: Up to 50 hours
Operating Temperature	0°C to 45°C
Protection Rating	IP54 (Dust and water resistant)
Insulation Class	Class III – Low voltage, no earth required.
Dimensions	200mm x 260mm
Weight	0.93kg
Material	Stainless steel
