

MEASURING GUIDE

HANGING PENDANTS FROM A PITCHED CEILING

“A” and “B” are the measurements from ceiling to top of horizontal pipe

PERCH LIGHT

ELLIS LIGHT

HARRIS LIGHT

Each of our pendants may be hung from a pitched ceiling of up to 45 degrees. For any pendant with one down rod, please provide the desired overall height (OAH) measurement. This is the total height of the fixture from the ceiling to the bottom of the fixture.

For any pendant with two down rods, please provide the two measurements labeled as “A” and “B” in the above image.
